DESCRIPTION:
The improvements under this contract consist of the removal and replacement of reflective pavement markers on the mainline of Interstate 10 and to a specified point on the associated interchange acceleration and deceleration lanes. Interchange RPM placement is to be per Design Standard Index 17345 & main lane RPM placement is to be per Index 17352. All RPM removal debris is to be disposed of in accordance with Local, State, and Federal regulations. The summary of pay items for this project is listed in the Bid Documents.
