

Richard J. Ayers
Executive Vice-President

Responsibilities

Mr. Ayers currently serves as the Executive Vice-President of Superior Construction Co. In this role he is in direct charge of all operations within both the Indiana and Florida divisions. His main duties include the supervision of all bids, review of subcontracts and purchase orders, coordination of resources between multiple projects, and developing the strategic, long-term direction of the company.

Prior to starting the Florida division in 1987, Mr. Ayers was based out of the corporate office in Gary, IN as Vice President of the Highway Division of Superior Construction Company.
