ORIGINATION FORM
Proposed Revisions to the Specifications

(Please provide all information - incomplete forms will be returned)

Date: 5/19/16

Specification Section: 162

Originator: Mark Peronto

Articles/Subarticles: 162-5.4

Telephone: 863-519-4211

email: mark.peronto@dot.state.fl.us

Will the proposed revision involve Design Standard Index changes? **Yes** ○ **No** ◉

Roadway Design staff contacted (name): N/A

Structures Design staff contacted (name): N/A

Will the proposed revision involve PPM changes? **Yes** ○ **No** ◉

Roadway Design staff contacted (name): N/A

Will the proposed revision involve CPAM changes? **Yes** ◉ **No** ○

Construction staff contacted (name): Juan Castellanos

Will the proposed revision involve Pay Item changes? **Yes** ○ **No** ◉

Estimates staff contacted (name): N/A

Will the proposed revision involve SDG changes? **Yes** ○ **No** ◉

Structures staff contacted (name): N/A

Will the proposed revision involve APL changes? **Yes** ○ **No** ◉

Product Evaluation staff contacted (name): N/A

Will the proposed revision involve Material Manual changes? **Yes** ○ **No** ◉

State Materials Office staff contacted (name): N/A

Will this revision necessitate any of the following:

Design Bulletin ☐ **Construction Bulletin** ☐ **Estimates Bulletin** ☐ **Materials Bulletin** ☐

Are all references to external publications current? **Yes** ◉ **No** ○

If not, what references need to be updated? (Please include changes in the redline document.)

No reference involved

Why does the existing language need to be changed?

Changes were made to help provide clear and complete requirements of Engineer Analysis Scope and Report.

Summary of the changes:

Clearly define the minimum requirement of the parties (Specialty Engineers and Laboratory) involved in performing the Engineering Analysis and the minimum requirement of the content of the Engineering Analysis Scope and/or Report.

Are these changes applicable to all Department jobs? **Yes** ◉ **No** ○

If not, what are the restrictions?
