

ROBERT A. LAVETTE, P.E.
TRANSPORTATION CONSULTING ENGINEER

4258 South Atlantic Avenue
Daytona Beach Shores, Florida 32127
Tel. (904)767-7269 FAX: (904)767-7422

QUALIFICATIONS
DISPUTE RESOLUTION BOARD
HISTORY

Thirteen years of construction administration from 1985 to 1998. Director of Operations, Fifth District, Florida Department of Transportation.

As Director of Operations, was responsible for 850 employees and an operating budget of 125 million dollars which included engineering consultants and contracting of maintenance activities. Operations included Maintenance, Construction, Materials, Traffic Operations and Traffic and Industrial Safety. A significant portion of this time was reviewing construction claims, reports analyzing claims and final negotiations. In the latter years, cost of construction underway often exceeded \$300,000,000.

Eight years as Facilities Engineer for The Boeing Company from 1962 to 1970. This included ensuring that the installation or construction of Boeing facilities and equipment at Air Force bases and the Kennedy Space Center met Boeing requirements.

Three years as engineer assisting resident or project engineer on interstate and arterial highway/bridge construction projects from 1957 to 1960 for the Vermont Highway Department.

Twelve years as State Transportation Safety Engineer from 1973 to 1985 for the Florida Department of Transportation.

CURRENT

Consultant (Construction management) on Transportation construction claims.

Consultant to Florida Concrete & Products Assn. coordinating with government agencies.

Served as Dispute Review Board member on three projects.

Member - American Society of Civil Engineers

Member - Municipal Service Advisory Board, Volusia County, FL.

Member - Dispute Review Board Foundation
