**SUBJECT: ANNOTATED PAYROLLS NO LONGER REQUIRED ON FEDERAL PROJECTS**

It has been determined the FDOT additional requirements to include gender and race in the weekly annotated payroll records is no longer required.

Effective immediately, the following guidance is issued regarding annotated payrolls:

- Form 700-010-69 will not change and will allow contractor's the option to annotate their payrolls, but the department will no longer require race and gender to be put on the payroll.
- If the contractor chooses not to annotate the payroll, the contractor and/or subcontractors shall maintain records that document the race and gender of each covered worker and shall provide these records upon request to the Department.
- Annotated Payrolls will still be requested prior to Contractor Compliance Reviews as documented in 23 CFR 230.409 under "Contractor Notification" (c) (3) vii.

If you have questions, please contact Patty Vickers at (850) 414-4688.
