Tallahassee, Florida 32303

Re: Office of Design, Specifications  
Section **102**  
Proposed Specification: **1021312 Maintenance of Traffic.**

Dear Ms. Gourdine:

We are submitting, **for your records**, two copies of the above referenced Supplemental Specification.

Based on continuing coordination with industry partners, the changes to Subarticle 102-13.12.1 removing payment for damaged crash cushions will not be implemented as a Supplemental Specification. Those changes will be implemented as a Special Provision used on capacity improvement type projects. The language has not changed, only how the language will be implemented, so separate approval from your office is not needed. The language in the Supplemental Specification will be the same as currently implemented in the July 2011 Workbook.

If you have any questions relating to this specification change, please call Rudy Powell, State Specifications Engineer at 414-4280.

Sincerely,

Rudy Powell, Jr., P.E.  
State Specifications Engineer

Florida Transportation Builders' Assoc.  
State Construction Engineer

**MAINTENANCE OF TRAFFIC.****(REV 8-3-11) (FA 8-9-11) (1-12)**

SUBARTICLE 102-13.12.1 (of the Supplemental Specifications) is deleted and the following substituted:

**102-13.12.1 Redirective:** Price and payment will be full compensation for furnishing, installing, maintaining *and subsequently removing (including restoring or replacing damaged) and subsequently removing* such crash cushions. *Payment for restoring damaged crash cushions will be the manufacturer's/distributor's invoice price for the new materials/parts plus 20% markup. The 20% markup is compensation for all necessary work including; but not limited to, labor, equipment, supplies and profit, as authorized by the Engineer.* Additional MOT required for the repair of the crash cushion will be paid for under the appropriate MOT pay item. ~~On lump sum projects, additional MOT required for the repair of the crash cushion will be paid for based on the weighted average unit price in the Six Month Moving Statewide Averages report for the temporary traffic control devices deployed. The report for the six months prior to the letting of this Contract will be used.~~
