Re: Office of Design, Specifications
Section **105**
Proposed Specification: **1050806 Contractor Quality Control General Requirements.**

Dear Ms. Gourdine:

We are submitting, for your approval, two copies of the above referenced Supplemental Specification.

These changes were proposed by Greg Sholar of the State Materials Office to allow non-CTQP qualified asphalt technicians to measure the temperature of the hot mix asphalt in the haul trucks under the direction of a CTQP Plant Level II technician.

Please review and transmit your comments, if any, within two weeks. Comments should be sent via Email to SP965RP or rudy.powell@dot.state.fl.us.

If you have any questions relating to this specification change, please call Rudy Powell, State Specifications Engineer at 414-4280.

Sincerely,

Rudy Powell, Jr., P.E.
State Specifications Engineer
