- Driving buzzed is driving drunk.
- Drunk driving is often a symptom of a larger problem—alcohol misuse and abuse.
- Designate a Driver or use the free SaferRide Mobile App.
- Alcohol-impaired motor vehicle crashes cost more than an estimated \$37 billion annually.
- Each year, on average, more than 10,000 people die on our U.S. road-ways due to drunk driving. That equals 20 jumbo jets crashing each year.
