

## Notice of Variances and Waivers

### **DEPARTMENT OF TRANSPORTATION**

RULE NO.: RULE TITLE:

14-51.020: Supplemental Guide Signs

The Florida Department of Transportation hereby gives notice:

that on October 10, 2017, the Department entered an Order Granting Variance from Rule 14-51.020, Florida Administrative Code (F.A.C.). On August 21, 2017, the Department received a petition for waiver/variance from the provisions of Chapter 14-51, F.A.C., regarding directional signage on roads. Kling VA Clinic in Sunrise, Florida, requests directional signage on Department roads. The Department granted the variance because the Kling Clinic demonstrated that a literal application of Rule 14-51.020, F.A.C., to prohibit signage to its facility would violate principles of fairness as it serves the community in a manner similar to a hospital facility. In addition, the Department will erect directional signs to the Kling Clinic at the north and south exits of the Sawgrass Expressway at Commercial Boulevard.

A copy of the Order or additional information may be obtained by contacting:

Clerk of Agency Proceedings, Florida Department of Transportation, Office of General Counsel, 605 Suwannee Street, MS-58, Tallahassee, Florida 32399-0458, FDOT.AgencyClerk@dot.state.fl.us.
