

Q&A for . . .

FDOT Subassembly: Existing Features Webinar

Q: How do we download the FDOT ribbon?

A: You will need to download install the State Kit from our website.

<http://www.dot.state.fl.us/ecso/downloads/software/software.shtm>

Q: When will the 2015 state kit be released?

A: January 2015.

Q: Where can I see all of the webinars?

A: <http://www.dot.state.fl.us/ecso/downloads/GoToMeetingTraining/PostedWebinars.shtm>

<http://www.dot.state.fl.us/ecso/downloads/GoToMeetingTraining/ScheduledWebinars.shtm>

Q: Hello, Has the drawing scale been changed to be the same as the annotation scale?

A: No, Everything in Model space remains at a one to one scale. The annotation scale setting should match the desired scale of the resulting cross-sections.

Q: How did you setup the view in model space to preview the plan and section at the same time?

A: Select the corridor in the model first. Then choose 'Section Editor' from the civil 3D ribbon. From there you can choose 'Viewport Configuration' and choose how you wish to set up your views.
