

# Q&A for . . .

## FDOT Civil 3D 2015 Sign Tool

---

**Q: How do we download the FDOT ribbon?**

A: You will need to download install the State Kit from our website.

<http://www.dot.state.fl.us/ecso/downloads/software/software.shtm>

**Q: When will the 2015 state kit be released?**

A: January-February 2015.

**Q: In a single post assembly, does it matter which panels you pick in the front panel grid?**

A: No it doesn't as long as you pick the same panels in the same row you start in

**Q: Where can I see all of the webinars?**

A: <http://www.dot.state.fl.us/ecso/downloads/GoToMeetingTraining/PostedWebinars.shtm>

<http://www.dot.state.fl.us/ecso/downloads/GoToMeetingTraining/ScheduledWebinars.shtm>

**Q: Can the 2014 state kit be installed on a 2015 install?**

A: NO. The 2014 state kit is NOT compatible with Civil 3D 2015

**Q: Can the sign be created and exported as a .PNG file?**

A: Sort of, you can save a graphic picture of an assembly but it will not contain any intelligence.

**Q: Can I use Civil 3D to do Traffic plans from a data imported from Microstation?**

A: Yes, Just make sure you have an alignment in the DWG file. You can LandXML out of MS and then import the XML into Civil 3D
