

FDOT Automated Quantities – Ch 06

Plan Summary Boxes & Linked Data Manager (LDM)

Q: Where can I find the recording, power point and questions & answers for this webinar?

A: All the current 2016 Florida Department of Transportation (FDOT) Production Support Office - CADD webinars are now posted onto a new enterprise wide FDOT Training YouTube website:

https://www.youtube.com/channel/UCqBY8kqZuXp1pyYV6lIQw_A

Many of the prior recordings of training webinars will also be accessible from this YouTube website.

**** Please take the time to Subscribe and watch the introductory video. (free of charge)****

A: All Production Support Office - CADD webinar recordings along with any Presentation and Q&A documents, can still be accessed from the Production Support Office - CADD *Posted Webinar* website as well: <http://www.dot.state.fl.us/ecso/downloads/GoToMeetingTraining/PostedWebinars.shtm>

Q: Where can I find the FDOT CADD Training Manuals?

A: The Production Support Office - CADD Training Manuals, along with their associated training data sets, can be downloaded from the Production Support Office - CADD website:

<http://www.dot.state.fl.us/ecso/main/FDOTCaddTraining.shtm>

A: Production Support Office - CADD is striving to record all CADD Training Manuals thru training webinars and have them accessible from the FDOT Training YouTube website as well.

Q: How can I get on the list for email alerts for future Production Support Office - CADD Webinars or Notifications?

A: The [FDOT Contact Management](#) is available for participants to sign up for email alerts as the webinars are scheduled and notifications are released. Just check the “CADD” options under each applicable section. Select here for a “[How to use FDOT Contact Management](#)” help document or an “[FDOT Contact Mailer](#)” webinar.

Production Support Office - CADD’s current *Scheduled Webinars* can be accessed for registration at:

<http://www.dot.state.fl.us/ecso/downloads/GoToMeetingTraining/ScheduledWebinars.shtm>

Q: Where can I connect to the on-line FDOT CADD Support Forum?

A: http://communities.bentley.com/communities/user_communities/fdot_cadd_support/

Q: How can I connect with a CADD Support representative?

A: Production Support Office - CADD welcomes all your offers of presentations and suggestions of topics to assist your needs. Feel free to contact this office with any comments, suggestions and questions via our support email: ecso.support@dot.state.fl.us

The FDOT [CADD Manual](#) and [Customer Support Guide](#) documents may also be of assistance.

Q: Where do we show the Drainage Structures pay items?

A:

Q: Pull boxes are usually a problem. They do not belong in the Roadway?

A:

Q: What if the Signing & Pavement Marking (SPAM) are included as part of the Roadway, but do not have their own component? Where does the Tabulation sheet for the SAPM sheets go? Behind the Summary of Quantity Sheets (SQ) sheets?

A:

Q: We don't need to have a calculation folder per principles?

A:

Q: What Summary Box do we use for Signing & Pavement Marking, Lighting and anything that does not have an assigned summary box? Signing & Pavement Marking uses the same mdb.

A:

Q: Can the LDM link be re-establish?

A:

Q: Row or column?

A:

Q: Can you still use the underscore ('_')? I thought that the CADD Manual said that you can't use it any more?

A:

Q: In Quantity Report, is there a way we could select a title block that we have created for the project rather than a cell from the roadway.cel library?

A:

Q: Is there a webinar on creating an mdb file?

A:

Q: Is there a webinar or handbook on how to create the files that the Summary of Drainage VBA asks for?

A: All of that information is covered in the Drainage Training Manual which can be accessed from the CADD website:
<http://www.dot.state.fl.us/ecso/downloads/documentation/FDOTGEOPAKDrainageComplete/FDOTGEOPAKDrainageComplete.shtml>

Q: Summary of Drainage Structures is not in the list of computation summary boxes?

A: The summary of Drainage Structures is created using the Summary of Drainage Structures VBA which is accessed from the FDOT Drainage Menu under the option: Drainage VBAs.
