**Expertise** As head of URS’s Construction Management Division (1987 - 2000), Mr. Hamm was heavily involved with cost estimating, scheduling, construction engineering and inspection (CEI), maintenance and operations programs, and overall project/program management for major multidiscipline assignments. His work encompassed all types of transportation, development, and public works undertakings, including airports, highways, bridges, ports, and mixed-use complexes.

## **Key Projects**

### ***Roadway Reconstruction Projects, Florida***

In responsible charge of all constructability and construction engineering / management services for numerous complex reconstruction projects under traffic in urban and rural areas. Work has involved highways, interchanges, associated bridges and site structures, toll facilities, etc. Clients included Florida DOT as well as local governments and private sector clients.

### ***Rt. 3 Design Build, Lowell Massachusetts***

In responsible charge of design (1/2001 - 6/2001) for 21mile \$350-million design build roadway widening project for Massachusetts Highway Dept.

### ***Big "I" (I-25/I-40) Interchange, Albuquerque, New Mexico***

Responsible for design reviews, construction analysis and cost engineering.

### ***US 19 / Countryside Boulevard Interchange, Clearwater, Florida***

Principal-in-Charge of CEI services for a \$23-million interchange of two principal arterial roadways in Florida's most densely populated county.

### ***US19 / SR 688, "Urban Interchange," Pinellas County, Florida***

Principal-in-Charge of CEI services for a \$20-million roadway widening and upgrade on 2 miles of US19. Project required extensive MOT due to average traffic levels of approximately 60,000 vehicles per day.

### ***South Crosstown Expressway, Tampa Florida***

Estimating, cost engineering, and construction-phase services for 5.2 mile, limited-access urban expressway.

### ***Dames Point Expressway, Jacksonville, Florida***

Independent verification cost estimating and constructability reviews.

### ***I-595 / Port Everglades Expressway, Broward County, Florida***

Cost / scheduling / constructability tasks for design of complex 4-level interchange plus 5.5 miles of multi-lane divided highway.

### ***Airport General Consultant / Construction Manager***

In charge of General consulting staff at Tampa International Airport, St. Thomas VI Airport and Sarasota Airport. Construction Manager for Capitol Improvements at Orlando International Airport, Miami International Airport, Jacksonville International Airport, and Palm Beach International Airport. Provided Construction Management, Cost Engineering and Scheduling support for the new Denver International Airport, Los Angeles International Airport, San Francisco International Airport, Cincinnati, Detroit Wayne County, as well as new airports in Hong Kong and Malaysia.
