

## CTQM chapter 4 update notes

Updates for review by DCE/DMRE for 2-10-2016 meeting

- Updated to format to be used in all chapters
  - This format includes an index at the beginning of the chapter.
    - (old section 4.2) Authority section now found in chapter 1
    - (old section 4.3) Reference section now found in chapter 1
    - (old attachment 4-12) Qualification Requirements by Job Function now found in section 4.3
    - (old section 4.5) Qualifications and Training Courses now found in section 4.4, the entirety of the section has been restructured, any change in information will be listed under “Updated due to incorrect information”
    - (old section 4.6) now section 4.3
    - (old section 4.7) now section 4.5
    - Added sections 4.6 and 4.7 as required in mandatory formatting
    - Renumbered attachments as appropriate
  
- Updated due to incorrect information
  - Section 4.4, form number removed, this is not a FDOT form and does not have a number
  - Section 4.4.1.1, removed “Test Methods to be covered in this course are included in Attachment 4-6.”, attachment removed
  - Section 4.4.2(1), corrected name of courses, removed attachment 4-7 listing (Several course name corrections have been made in this section to reflect the correct ACI course names)
  - Section 4.4.2.1, removed attachment 4-8 listing
  - Section 4.4.2.2, removed attachment 4-8a listing
  - Section 4.4.2.4, added required course FDOT Concrete Field Inspector Specifications course information
  - Section 4.4.4, removed (5) requirement of “Successful completion of ACI performance examination.”, as Technician would not have been granted ACI certification without “successful completion”
  - Section 4.4.5.1, removed “At the present (no) course is available.” Added “This course was developed by the Florida Department of Transportation as an independent self-study. The Concrete Batch Plant Operator Study Guide is available at: [Concrete Batch Plant Operator Study Guide](#)”
  - Section 4.5, form number removed, this is not a FDOT form and does not have a number
  - Section 4.5, added “The CTQP Concrete Laboratory Technician Level 2 Qualification does not require requalification. The qualification in this area is indefinite, unless revoked in accordance with **Section 1.14.7 or 1.14.8.**”
