Construction: Specific Area of Expertise

I have held jobs ranging from Inspector to Chief Construction Engineering Officer for the State of Florida. I have gained knowledge in all areas of Contract Administration.

Claims Analysis: I have vast experience in Claims Analysis. I served on Claims Review Committee for eight (8) years, and on Dispute Review Boards for nine (9) years.

Expert Witness:

I served as Expert Witness for Land Acquisition Condemnation suits in FDOT Districts one and seven for six (6) years

Constructibility Reviews:

Experience on Value Engineering Teams for Construction Design Projects
Constructibility and Bidability Review for FDOT and TBE inhouse designs.

Major Bridge Construction:

Supervised the construction of numerous bridges in the Tampa Bay area, both as Project and Resident Engineer. Including 12 Bascule Bridges and Sunshine Skyway both old and new one.

As of this date August 27, 2016 I am a member of Dispute Review Boards for the Turnpike in Miami, DRB member for District 5 in Daytona Beach, DRB member for District 1 in Polk County, Florida. Recently a DRB member in District 7 Pasco County, also a DRB Member in District 3 on two projects in Milton Florida.

I only accept DRB memberships when I feel that I can attend all meetings and give adequate time to helping solve any disputes.

In the last 15 years I have worked on numerous Dispute Review Boards for every District in Florida.
