EXPERIENCE:

PARSONS BRINCKERHOFF CONSTRUCTION SERVICES, INC.  
POMPANO BEACH, FLORIDA  
May 1998 to Present

I work part time as a Quality Control Engineer assisting the Florida Turnpike's Quality Control Engineer in conducting periodic contract administration and field inspection procedure audits on all Turnpike District CEI managed construction projects. I also write and edit in-house quality control manuals.

PARSONS BRINCKERHOFF CONSTRUCTION SERVICES, INC.  
POMPANO BEACH, FLORIDA  
MAY 1992 TO MAY 24, 1996

As part of the staff of the Consultant Construction Services for the Florida Turnpike, I was responsible for the Assessment of Quality of field related activities on all assigned construction projects. My duties included periodic visits to field offices and sites making written reports on the quality of work. I was also a member of an Assessment of Quality Team making scheduled in-depth reviews of all Turnpike Construction projects.

POST BUCKLEY, SCHUH & JERNIGAN  
Fort Lauderdale, Florida  
September 1989 to May 1992

I was part of the General Consultant for the Florida Turnpike staff responsible for the Assessment of Quality on assigned construction projects.

I was also a member of an Assessment of Quality Team conducting in-depth reviews of Construction Resident Offices and producing written reports of these reviews.

CRAIG A. SMITH & ASSOCIATES  
Pompano Beach, Florida  
September 1984 to January 1987

Resident Engineer – Sawgrass Expressway  
As Resident Engineer on CE&I contract for the Broward County Expressway Authority, I was responsible for supervision of the construction of Section IV, a \$16,500,000.00 expressway project. The project involved constructing 4.2 miles of four-lane divided highway with two four-lane municipal connector roads, three twin two-span bridges and one twin three-span bridge.

FLORIDA DEPARTMENT OF TRANSPORTATION

June 1980 to July 1984

Resident Engineer – Miami Construction Office

Highway and bridge construction contract administration for projects in Dade County, Florida. Share responsibility with co-resident engineer in supervision of office personnel and 60 to 100 project engineers and inspectors. Hold pre-construction meetings, conduct final inspections, analyze and negotiate claims, analyze and make recommendations to District Office on time extension requests. Write change orders and supplemental agreements.

During this period, I was also program manager and consultant coordinator for Phase IV of the Dade County Traffic Control System contracts involving 700 signalized intersections.

FLORIDA DEPARTMENT OF TRANSPORTATION

October 1978 to June 1980

Assistant District Construction Engineer

Assisted the District Construction Engineer for Dade and Monroe Counties, Florida in supervision of Resident Engineers. Assisted in settlement of time and money claims.

FLORIDA DEPARTMENT OF TRANSPORTATION

December 1972 to October 1978

Resident Engineer

Naples, Florida and Marathon, Florida

Highway and bridge contract administration for Collier County, Florida and Monroe County, Florida. Supervised office personnel and 15 to 30 project engineers and inspectors. Duties same as described for June 1980 to July 1984.

FLORIDA DEPARTMENT OF TRANSPORTATION

July 1965 to December 1972

Assistant Resident Engineer

Dade County and Palm Beach County, Florida

Assisted in all duties as described for June 1980 to July 1984 above.

FLORIDA DEPARTMENT OF TRANSPORTATION

October 1956 to July 1965

Project Engineer and Inspector

In this time period, I was lead inspector and later a project engineer for multi-million dollar projects on portions of Interstate 95 and the 836 Expressway in Miami, Florida, including the 36<sup>th</sup> Street Interchange, Julia Tuttle Causeway and high level structures over the Miami River.
