

## Section 5.2

# CONTRACTOR VEHICLE REGISTRATION

### 5.2.1 Purpose

The 1987 Florida Legislature enacted legislation requiring Florida registration of all motor vehicles operated or caused to be operated in Florida by Contractors.

### 5.2.2 Authority

Section 334.048(3), 20.23(3)(a), Florida Statutes (F.S.)

### 5.2.3 References

Section 337.11(13), Section 337.141(2), F.S., Section 7-23 Standard Specifications for Road and Bridge Construction

### 5.2.4 General

All Contractor vehicles used on Department construction or maintenance projects shall be registered in Florida. The Contractor is required to sign an affidavit ***Contractor's Affidavit Vehicle Registration, Form No. 700-010-52***, that all Contractor vehicles (owned or rented) to be operated on the project are registered in the State of Florida. Private vehicles and farm tractors do not have to be registered in Florida.

If the Contractor has registered their company vehicle through the International Registration Plan (IRP) or in a State that has an Interstate Reciprocal Agreement (IRA) with the State of Florida, the Contractor shall provide documentation from the Florida Department of Highway Safety and Motor Vehicles verifying this registration. This documentation shall be attached to the completed ***Contractor's Affidavit Vehicle Registration, Form No. 700-010-52***.

## **5.2.4 Preconstruction Conference**

### **Resident Level Responsibilities**

The Contractor should be reminded of the requirement to have motor vehicles registered in the State of Florida at the preconstruction conference.

The affidavit is due on the first working day of the project.

## **5.2.5 Affidavit**

The digitally signed or notarized affidavit shall be retained by the Department and will be scanned into the Department's approved Electronic Document Management System.

## **5.2.6 Contractor Failure**

### **Resident Level Responsibilities**

- (1) If the Contractor fails to return the affidavit, progress payments are to be withheld. Failure to register motor vehicles may result in suspension or revocation of a Contractor's Certificate of Qualification.
- (2) If Department personnel or their representatives observe that a vehicle is being used on a project with an out-of-state license tag, the Contractor is to be immediately notified of this observation. Upon this notification, the Contractor will be required to correct this violation no later than the cutoff date of the second monthly pay estimate from such notification. Removal of the vehicle from the project or proof of Florida registration will correct this violation.
- (3) The Office of Construction is to be notified of willful violations on the part of any Contractor.
