**SUBJECT:** REVISION TO MEMORANDUM NO. 32-00 ON MAINTENANCE OF TRAFFIC (MOT) TRAINING

Since the implementation of Memorandum No. 32-00, the MOT committee has made a change. This change states "Persons who have successfully completed training in Levels I thru IV under previous procedures will be grand fathered in until December 31, 2001. On January 1, 2002 all requirements for training levels will be deleted from the MOT Training Procedures (Topic No. 750-030-006-e) and replaced by training categories. Persons that have successfully completed training in Levels I thru IV and have kept their certification current by retesting from an approved Level I thru IV provider may take the appropriate Refresher Course to comply with this procedure. If they fail the Refresher test, they must take the full course to comply. Certificate from an approved Level I thru IV provider must be no more than four (4) years old to be considered current.

This procedure can be found on the FDOT Internet web site under Roadway Design Office Training. ([www.dot.state.fl.us/rddesign/training/files/training.htm](http://www.dot.state.fl.us/rddesign/training/files/training.htm))
