

**THIS MEMO IS EXPIRED**

April 27, 2001

**MEMORANDUM NO. 05-01**

**TO: DISTRICT CONSTRUCTION ENGINEERS**

**FROM:** Greg Xanders, State Construction Engineer

**COPIES:** FHWA, Ed Rice, Cheryl Adams, Charles Goodman

**SUBJECT: REVISED CONSTRUCTION CRASH REPORTS**

The State Construction Office is implementing a revised Construction Crash Report to be used in lieu of the one shown in the CPAM for a period of four (4) months. (Starting May 1, 2001 and ending August 1, 2001) At the end of the four (4) months a report will be issued with a decision made to the value and benefit of this new report. Reported data will be used to determine if deficiencies can be corrected and to improve the contents of future traffic control plans. (FHWA requires a report on construction zone accidents per Section 630.1010 (e) (2).

Please go to the Construction Web Page, (<http://www.dot.state.fl.us/construction/>) The report will be shown under Construction Crash Report-click on Work zone/mot report-enter program password (construction)- click on enter data-key punch information and submit.

If you have any questions please contact David Sumner at sc 994-4198 or (850) 414-4198.
