This Memo Has Expired

MATERIALS BULLETIN NO. 09-08
CONSTRUCTION DCE MEMORANDUM NO. 21-08
(FHWA Approved: 8/7/08)

TO: DISTRICT MATERIALS RESEARCH ENGINEERS
DISTRICT CONSTRUCTION ENGINEERS

FROM: Thomas O. Malerk, P.E., Director, Office of Materials
Brian A. Blanchard, P.E., Director, Office of Construction

COPIES: Richard Kessler, Michael Bergin, Rafiq Dariji

SUBJECT: SUBSTITUTION OF TYPE Q EPOXY FOR TYPE F-2 EPOXY IN FLORIDA U BEAMS

The Structures Design Office has revised Index No. 20210 to allow the use of Type Q epoxy in place of Type F-2 epoxy for Florida U Beams. The revision will be published July 1, 2008 for project lettings effective January 2009 and will include the subject change in Note 9.

In many cases, the Type Q epoxy is available locally which may provide a slight reduction in the cost of the material to the Department. In order to allow the use of this material on current on-going projects, this memorandum serves as a blanket approval to process a \$0.00 specification change and should be attached to the Work Order or Supplemental Agreement accomplishing this change.

If you have any questions, please contact Mike Bergin in the State Materials Office at (352) 955-6666.
