SUBJECT: LABELING OF SW HIGHWAY THERMOPLASTIC MATERIAL

The Department has become aware of a labeling issue for white and yellow thermoplastic material manufactured by SW Highway for the following Qualified Products List (QPL) numbers:

- S711-0117
- S711-0309

These products have been mistakenly packaged in bags with a Dobco, Inc. label and without the proper Department identification information. SW Highway has ordered new bags with proper labels and anticipates them being in use by the end of March 2012. In the interim, SW Highway will restamp all Dobco, Inc. labeled bags prior to shipment and those already at project sites, identifying them as SW Highway, QPL number, and SW Highway product code.

These products have been listed on the QPL since 2006 under Dobco, Inc. SW Highway acquired Dobco, Inc. in 2006 and did a formal name change in October 2010. This is noted in the comments and limitations on the QPL.

Until the properly labeled bags are in production, these materials shall be accepted for use when stamped as described above. If you have any questions or comments, please contact Stefanie Maxwell at 850-414-4314.
