Proposal Number: T2377 42473215201

Question	Response
General Notes sheet no. 12 Pay Items 710- States the totals shown on the roadway pay items are for painted pavement markings used during maintenance of traffic. Quantities are based on 2 applications. This project is a mill and pave back friction course. The 710-90 should cover all painting required for this project. Where is the additional 710 pay items and 102 temp RPM's going to be used?	3/24/11 6:44 AM – The purpose for the two lifts of paint is to ensure that as the medians are being constructed there is adequate quantity to adjust the pavement markings. As the medians are being constructed, there will be overbuild pavement constructed to build the cross slopes as shown in the plans. These areas will need another application of paint for MOT purposes.
3/23/11 5:00 PM - Question Period Closed	3/23/11 5:00 PM - Question Period Closed
