Question: 6236: Can the CADD files be made available? Posted: 3/3/2014 4:15:23 PM

Answer:	Plans are only provided to the Contractor through CPP Online Ordering System in two formats PDF and Postscript.	Status: ANSWER PUBLISHED Posted: 3/4/2014 3:00:36 PM
Question:	6263: District Approved Answer: Plans are only provided to the Contractor through CPP Online Ordering System in two formats PDF and Postscript.  Other proposal have the CADD file provided through the CPP online ordering system	Posted: 3/4/2014 4:06:30 PM
Question:	6289: The comp book states it for FPID No. 428720-1-52-01; the removal of the exist concrete pavement amount shown on this project is 350 sy not the amount mentioned in your answer for this job number, could you please provide the comp book for FPID No. 429246-2-52-01?  thank you	Posted: 3/5/2014 4:44:04 PM
Answer:	Comp book is posted on the CPP Online Ordering website by Contracts Administration Office.	Status: ANSWER PUBLISHED Posted: 3/6/2014 10:42:34 AM
Question:	6330: Are lane closures limited to 1 mile total, or can there be a 1 mile lane closer in both directions at the same time.	Posted: 3/10/2014 2:55:35 PM
Answer:	Simultaneous lane closures in both directions of travel are permitted. Each lane closure may be a maximum of one mile in length.	Status: ANSWER PUBLISHED Posted: 3/11/2014 7:25:51 AM
Question:	6537: Project 428720-1-52-01 identifies milling and resurfacing on the typical section. the milling and resurfacing quantities match on the comp book but i believe the rework asphalt item is covering the same areas denoted in the previously mentioned work. Is this a redundant item?	Posted: 3/20/2014 3:45:33 PM
Answer:	Yes, the milling and resurfacing quantities and the rework asphalt item are meant to be compensated for the same areas.	Status: ANSWER PUBLISHED Posted: 3/21/2014 10:21:53 AM
Question:	6538: The Bid Solicitation, the Summary of Pay Items, and the Tabulation of Quantities provided in the Signalization Plans, all indicate clearly a "Prestressed Concrete Pole (F&I) (Type P-VIII)". The Concrete Strain Pole Schedule, on Sheet T-10, clearly indentifies Type P-VII Concrete Strain Poles. Please verify the correct size strain pole that will be required for this project.	Posted: 3/20/2014 4:23:09 PM

Answer:	Based on the structural calculations, type P-VII Concrete Strain Poles are required for signal poles as indicated on Plan sheet T-10. Contractors shall bid pay item number 641-2-18 for installation of type VII Concrete Strain Pole and a revision will be forth coming after the bid to clarify the Pay item number.	Status: ANSWER PUBLISHED Posted: 3/21/2014 1:44:40 PM
Question:	6540: In the ITS Plans Tabulation of Quantities, Item #641-2-18 Prestressed Concrete Pole (F&I) (Type P-VIII) is being utilized for an ITS Pole (without a lowering device), as indicated on the ITS-10 Pole Data Table sheet. The Design Standard Index 17725, specifies the criteria for this pole as a Type P-IV pole. The Basis of Estimates classifies this ITS Pole as Item # 785-1-13 ITS Pole (F&I)(Concrete) (Without Lowering Device). Please verify that this pole should be a concrete Type P-IV square pole without lowering device, as indicated in the Design Standards, and additionally verify the proper pay item that should be utilized.	Posted: 3/21/2014 9:27:19 AM
Answer:	Based on the structural calculations, type P-VIII Pole (Pay item # 641-2-18) is needed for installation of solar panels. These poles will not require a lowering device.	Status: ANSWER PUBLISHED Posted: 3/21/2014 3:29:43 PM
Question:	6542: Are the milling, resurfacing and the rework item all going to be incorporated in the same area?  Or is this like an alternate item where one activity will be selected over the other?	Posted: 3/21/2014 11:49:18 AM
Answer:	The intent is mill the 2 1/4 inch of existing asphalt, then rework 1 1/2 inch of existing asphalt and 1 1/2 inch of Type SP Structural Course in accordance with Specification Section 325 in the contract. Please read your specification for all details	Status: ANSWER PUBLISHED Posted: 3/21/2014 11:59:14 AM
Question:	6847: What is the length required for the CCTV camera PVIII poles?	Posted: 4/14/2014 11:30:45 AM
Answer:	Please see Pole Data Sheet, sheet IT-10 for pole mounting height and embedment depth.	Status: ANSWER PUBLISHED Posted: 4/14/2014 3:09:46 PM
Question:	6937: Does FDOT support (accepts) automatic bid withdrawal system in Bid Express?	Posted: 4/21/2014 1:42:32 PM

---

Answer: Contracts Administration has a web page that provides details on the Bid Express/Expedite product, including a presentation and manual.  
<http://www.dot.state.fl.us/cc-admin/Software/Expedite/hexpedite.shtml>
