Question: 6670: Note 17 on page T-42 of the signal plans refers to FDOT APL for a list of approved products for the RRFB. The plan sheets list Miami-Dade County as the maintaining agency. The County has only one RRFB on its QPL. Will the Contractor be allowed to provide any item from FDOT's list or will he be required to provide the one item that is on Miami Dade QPL? Posted: 4/1/2014 12:02:27 PM

---

Answer: The Rectangular Rapid Flashing Beacon (RRFB) devices proposed in this project are connected to AC service points. Currently, RRFBs with AC power are included in the FDOT Approved Product List (APL), and none is on Miami-Dade QPL. The Contractor shall use RRFBs that are listed on the FDOT APL. All other electrical and electronic equipment on this project shall comply with Note 5 on Sheet T-5 of the Signal Plans and be listed on both the FDOT APL and the Miami-Dade QPL. Question: 6935: Regarding the aluminum pipe guiderail (Sheet 12), the item number is listed as 0515-3-2. Is this correct or should it be 0515-1-2? Posted: 4/21/2014 11:26:54 AM

---

Answer: Pay Item 515-1-2 would be the appropriate pay item for the aluminum guiderail. However, for the purposes of bidding on this contract, cost of the aluminum pipe guiderail will be included in Pay Item 515-3-2. Status: ANSWER PUBLISHED
