---

Question: 8644: There is no "Optional Materials Table" for Drainage Pipe, therefore it does not list HDPE Class II and Polypropylene Pipe as an acceptable material. Both HDPE Class II and Polypropylene Pipe are approved for 100 year DSL applications. We are asking for both HDPE Class II and Polypropylene Pipe to be allowed / included as an optional pipe material (as long as min/max cover requirements are met)so that the contractor community can bid accordingly.

---

Question: 8662: Can we get dimensions of the area of paint that we have to remove off of the salvageable weigh bridges?

Some pictures would be helpful too.

---

Answer: Questions posted to this site before 5:00 P.M. (EST) on the seventh calendar day prior to the bid opening, or tenth day prior to the December bid opening will be responded to by the Department. For Questions posted after these times, an answer cannot be assured.
