Question: 8375: After reviewing the plans, it appears that there are several sheets/ stationing numbers that are missing. For instance sheet 30 stops at station 76+80 and sheet 31 starts with station 154+40. There several others sheets like this. Is there more sheets that need to be added? Please clarify. Thanks

Answer: This is a reduced set of plans due to the length of project. Plan sheets were only included where it was necessary to show construction details.
