Question: 8284: How can we obtain the comp books for this project? Contract is bid lump sum and FDOT has provided quantities and scope of work, are we to use these quantities for bid purposes? Posted: 10/3/2014 11:28:32 AM

---

Answer: Bid Question Response #8284: Comp books were not prepared for this project since quantity calculations are included in the plan summary boxes for all lettings in July 2014 and later. This change was part of Roadway Design bulletin 13-11 and DCE Memo 19-13. The bulletin is attached as supporting documentation to this bid question answer. The contractor is still responsible for verifying and developing their own quantities for bid purposes. Status: ANSWER PUBLISHED
