Kiewit Southern Company / HNTB Corporation

Addendum No.: 9

Project #: E2N35

Design Build for construction of SR 9B from US 1 to SR 9A in Duval County, a limited access concrete road construction project on a new alignment, Jacksonville, Florida.

Project #s: **209293-2 ARRA 550B and 209294-1 ARRA 549B**

Traffic Monitoring Site:

Provide a Telemetered Traffic Monitoring Site (TTMS) in accordance with Standard Index 17900. The TTMS site requires traffic sensors (loops and piezos), solar power with concrete pole, cabinets, traffic counter, modem, directional bore, conduit and pull boxes. The TTMS site shall allow for vehicle counts and vehicle classification in both directions. Coordinate the TTMS plans and inspections with Kip Jones, Transportation Statistics Office at (850) 414 4726. Install the TTMS at a suitable location approved by the Transportation Statistics Office.

All work, equipment and material used in conjunction with the contract must comply with the FDOT *Standard Specifications for Road and Bridge Construction* (latest edition), the FDOT *Design Standards for Design, Construction, Maintenance, and Utility Operations on the State Highway System* (latest edition), the FHWA *Traffic Monitoring Guide* (latest edition), the FHWA *Traffic Detector Handbook* (latest edition), the FHWA *Manual on Uniform Traffic Control Devices* (latest edition), the *Approved Products List*, the FDOT *General Interest Roadway Data* procedure, and any special and/or supplemental provisions not incorporated in the aforementioned documents. The traffic data collected and/or transmitted must conform to standards published in the FHWA *Traffic Monitoring Guide* and the Department's *Traffic/Polling Equipment Procedures*.

Please sign, date and email a copy of this addendum back to me today to indicate receipt. A copy of all addendums are to be returned with your bid package.
