**Addendum No: 1, E2R06, Financial Project # 43145415213, 40474485213
Fuel Dispenser Replacements at Chiefland Maintenance and Gainesville
Operations**

Clarifications to questions asked at the Mandatory Prebid Meetings:

- 1) All work is to be performed from the shear valve up.
- 2) All dispensers shall be painted steel with manual counters. (Stainless steel dispensers are not necessary)
- 3) Awarded vendor shall pull additional wire and make the necessary connections to enable a 4th diesel dispenser at the Gainesville site.
- 4) All dispensers at the Gainesville site shall be equipped with 10 foot hoses to meet Florida Department of Environmental Protection requirements.
- 5) All of the old overhead reels at the Gainesville site will be removed and disposed of by FDOT personnel.
- 6) Hydro-static testing will be performed on all spill buckets at both sites and repairs will be made prior to bid letting.

You must sign, date and fax a copy of this addendum back to me by close of business today to indicate receipt. A copy of this addendum must be returned with your bid.
