Shortlist Profiles enclosed: yes no

Other shortlist consideration factors enclosed: yes no

Copy of Initial Scope of Services enclosed: yes no

Major requirements of this project?

Design and Construction to replace the currently deficient two-lane SR 46 Lake Jesup Bridge with a new 3740' two-lane medium-level bridge structure that will span the northern entrance to Lake Jesup, including existing Channel A and potential Channels B and C. Work also includes reconstruction/realignment of approximately 3800' of roadway and bridge approaches east and west of Lake Jesup, removal of the existing SR 46 causeway across Lake Jesup, and wetland mitigation construction.

Shortlist Consideration Factors:

1. Past performance grades on Department projects.
2. Volume of work previously awarded within past five years.
3. Workload as evidenced by residual fees on active projects.
4. Distribution of work among competing consultants and utilization of new consultants.
5. Balancing needs of the project to the abilities of the consultants.
6. Consultant's working relationship with Department on previous projects.
7. General information (number of professionals, consultants total area of prequalification, location, subconsultant relationships, etc.)
8. ~~Utilization of DBE and MBE consultants.~~
