Major requirements of this project?

ITS elements such as Dynamic Message Signs (DMS), Close Circuit Television Cameras (CCTV Cameras) and Microwave Vehicle Detector Stations (MVDS) shall be installed on I-4 from approximately 1.5 miles west of US27 in Polk County (connecting to Financial Project Number 409366-4-52-01 to the existing 72 fiber in a patch panel to be installed by this project) to the existing master hub at Osceola-Polk County line. New fiber optic cable tying into existing Fiber Optic Cable shall be used for the communication network to all the devices.

Shortlist Consideration Factors:

1. Past performance grades on Department projects.
2. Volume of work previously awarded within past five years.
3. Workload as evidenced by residual fees on active projects.
4. Distribution of work among competing consultants and utilization of new consultants.
5. Balancing needs of the project to the abilities of the consultants.
6. Consultant's working relationship with Department on previous projects.
7. General information (number of professionals, consultants total area of prequalification, location, subconsultant relationships, etc.)
8. ~~Utilization of DBE and MBE consultants.~~
