1. Page 18, Project Requirements and Provisions for Work, H. Submittals, 1. Plans. The second bullet at the top of the page shall be replaced with:
  - Design documentation including a complete set of calculations, geotechnical reports, pertinent correspondence, etc. in support of the Initial and Final component submittals.

2. Page 18, Project Requirements and Provisions for Work, H. Submittals, 1. Plans. The following last line under Initial Component Plans shall be deleted:

Independent Peer reviewer's comments and comment responses

3. Page 18, Project Requirements and Provisions for Work, H. Submittals, 1. Plans. The following last line under Final Component Plans shall be deleted:

Independent Peer Reviewer's signed and sealed cover letter that all comments have been addressed and resolved.

4. Page 28, VI. Design and Construction Criteria, A. General:, Delete the following paragraph:

Prior to submittal to the Department, all Category level II bridge plans shall have a peer review analysis by an independent engineering firm not involved with the production of the design or plans, pre-qualified in accordance with Chapter 14-75. The peer review shall consist of an independent design check, a check of the plans, and a verification that the design is in accordance with AASHTO and FDOT criteria. The independent peer review engineer's comments and comment responses shall be included in the Initial plans submittal. At the final plans submittal, the independent peer review engineer shall sign and seal a cover letter certifying the final design and stating that all comments have been addressed and resolved.
