

Florida Department of Transportation
Notice to Contractors / Consultants:

The Department of Transportation (Department) is soliciting contracting and consulting services for the Design-Build projects identified below.

QUALIFICATION REQUIREMENTS: Design-Build Firms must be qualified in accordance with Rule Chapter 14-91, Florida Administrative Code. Design-Build Firms shall satisfy the technical qualification requirements of Rule 14-75, and all qualification requirements of Rule Chapter 14-22, Florida Administrative Code. The Contractor or Joint Venture members collectively, must be qualified in the advertised Construction Contractor Work Classes. The Contractor or Joint Venture cannot utilize subcontractors to meet the qualification requirements for the Construction Work Classes. The Design Consultant may utilize sub-consultants to meet the advertised Professional Services Work Type requirements. All qualification requirements must be met prior to the Response Deadline. Two or more qualified parties submitting as a Joint Venture must meet the Joint Venture requirements of Rule Chapter 14-22, specifically Rule 14-22.007, Florida Administrative Code. Parties to a Joint Venture must submit a Declaration of Joint Venture, Form No. 375-020-18, and receive approval from the Department prior to the Response Deadline for expanded letters of interest (ELOI) or submittal of the Proposal, whichever occurs first.

CONSULTANT ELIGIBILITY: It is a basic tenet of the Department's contracting program that contracts are procured in a fair, open, and competitive manner.

The Department requires that consultants representing the Department must be free of conflicting professional or personal interests. In order to prevent potential conflicts of interest, the Department has established guidelines to be followed by design consultants. Please familiarize yourself with the requirements of Procedure No. 375-030-006, also known as: "Restriction on Consultants' Eligibility to Compete for Department Contracts." By submitting an ELOI or Bid/Price Proposal as part of a Design-Build Firm, or Joint Venture, the design consultant certifies that they are in compliance with Procedure No. 37-030-006.

This procedure is available at the following link:

<http://www.dot.state.fl.us/procurement/pubs/pubsmenu.shtm>

A Proposal Guaranty of not less than five percent (5%) of the total actual Bid/Price Proposal in the form of either a certified check, cashier's check, trust company treasurer's check, bank draft of any national or state bank, or a Surety Bid Bond made payable to the Florida Department of Transportation must accompany each Bid/Price Proposal in excess of \$150,000. A check or draft in any amount less than five percent (5%) of the actual Bid/Price Proposal will invalidate the Bid/Price Proposal. Bid Bonds shall conform to DOT Form No. 375-020-34 furnished with the Bid/Price Proposal.

For those projects designated as **LOW BID TYPE**, Technical and Bid/Price Proposals must be submitted by the date and time indicated in the Advertisement. It is the responsibility of the Design-Build Firms to insure that Technical and Bid/Price Proposals are received timely. For Low Bid Type projects, an RFP may be requested by any interested party at the response address provided below. The Technical Proposal of the low Proposer will then be reviewed to determine its responsiveness. If found to be non-responsive, the next lowest Proposer will be considered. A Proposal will be considered non-responsive if it does not contain all of the information and level of detail requested in the RFP. All Bid openings and public meetings will

be held in District headquarters unless otherwise noted. Changes to meeting dates and times will be updated under the All Advertisements link. The selection results will be posted on the Department's website (www.dot.state.fl.us/procurement) at the date and time indicated in the advertisement.

Note: The Department reserves the right to reject all Proposals and/or to waive minor Proposal irregularities.

Pursuant to Sections 120.57(3) and 337.11, Florida Statutes, and Rule Chapter 28-110, Florida Administrative Code, any person adversely affected by the agency decision or intended decision shall file with the agency both a notice of protest in writing and bond within 72 hours after the posting of the notice of decision or intended decision, or posting of the solicitation with respect to a protest of the terms, conditions, and specifications contained in a solicitation and will file a formal written protest within ten days after the filing of the notice of protest. The required notice of protest and bond, and formal written protest must each be timely filed with the **Florida Department of Transportation, Clerk of Agency Proceedings, 605 Suwannee St, Mail Station 58, Tallahassee, FL 32399-0458**. Failure to file a notice of protest or formal written protest within the time prescribed in section 120.57(3), Florida Statutes, or failure to post the bond or other security required by law within the time allowed for filing a bond shall constitute a waiver of proceedings under Chapter 120 Florida Statutes.

PROJECT NAME: Daytona Ave. Bridge Replacement over Halifax Canal in Holly Hill

CONTRACT NUMBER: E-5R63

FINANCIAL PROJECT NUMBER(S): 431907-1-52-01

FEDERAL PROJECT NUMBER(S): 00B5-019-B

COUNTY: Volusia

WORK MIX: 0022 – Bridge Replacement

PROJECT DESCRIPTION: Replace the existing Daytona Ave. Bridge (Bridge No. 795502) over the Halifax Canal in Holly Hill with a single span bridge or culvert structure. The existing bridge is located approximately 0.05 miles south of LPGA Boulevard on Daytona Ave. A pedestrian facility shall be provided in the final configuration, either by replacing the existing pedestrian bridge or by removing the existing pedestrian bridge and providing a sidewalk on the west side of the new vehicle bridge or culvert structure, that connects to the existing sidewalk on the west side of Daytona Ave. Whichever method is chosen, all of the existing pedestrian bridge embankment material shall be removed. Roadway work will include roadway reconstruction, milling and resurfacing of the existing two lanes of Daytona Ave., and removal of the City of Holly Hill's ductile iron water main from the deck of the existing bridge and connection to the new vehicle bridge or culvert structure. The work for the City of Holly Hill's water main shall include installation of two epoxy-coated gate valves, one at each end of the proposed bridge approach work. This will allow the City to shut off the water supply from both, or either side of the existing bridge, and still supply the buildings and houses currently supplied

by the water main. AFTER execution of the Design-Build contract, the winning Design-Build firm will need to coordinate with the City of Holly Hill Public Works Director for gate valve installation and for subsequent closures of the gate valves by the Design-Build firm. The Design-Build firm shall be responsible for obtaining all necessary environmental permits for the project and for obtaining a "Use Permit" from Volusia County Development Engineering for working in the Halifax Canal, which is under Volusia County's jurisdiction. In addition, this project will require a Bridge Hydraulics Report if the replacement structure is a bridge or culvert structure, and if necessary, will also require a "No-Rise" Certification Report. A qualified Coastal Engineer will be required to analyze the crossing for tidal hydraulics and scour.

NOT TO EXCEED BUDGET AMOUNT OR MAXIMUM BUDGET AMOUNT OR BUDGET AMOUNT*: \$798,000

*Actual commitment and final execution of this contract is contingent upon an approved legislative budget and availability of funds

ESTIMATED CONTRACT TIME: 300 Contract Days

SELECTION PROCEDURE: Low Bid Design-Build

RESPONSE REQUESTED: Fax Order Form

STIPEND AMOUNT: No Stipend

PREQUALIFICATION REQUIREMENTS:

1) CONTRACTOR - WORK CLASS REQUIREMENTS

Minor Bridges

2) DESIGN – PROFESSIONAL SERVICES WORK TYPE REQUIREMENTS

Major: 4.1.2 – Minor Bridge Design

Minor: 3.1 - Minor Highway Design

4.1.1 – Miscellaneous Structure

7.1 - Signing, Pavement Marking and Channelization

8.1 - Control Surveying

8.2 - Design, Right of Way, and Construction Surveying

9.1 - Soil Exploration

9.2 - Geotechnical Classification Lab Testing

9.3 – Highway Materials Testing

9.4.1 - Standard Foundation Studies

TECHNICAL QUESTIONS SHOULD BE ADDRESSED TO:

<http://www2.dot.state.fl.us/construction/bidquestionmain.asp>.

EXPANDED LETTER OF INTEREST PAGE LIMIT: Not Applicable

RESPONSE PROCEDURE: Submit a completed Fax Order Form (located on the following website - http://www.dot.state.fl.us/contractsadministrationdistrict5/Design%20Build/DesignBuild_New.shtm) to 386-943-5405 by 5:00pm on Friday, May 11, 2012. Requests for Proposals will be sent to all that submit a Fax Order Form on Monday, May 14, 2012.

DBE/MBE REQUIREMENTS: The department has assigned an 8.6% DBE availability goal to this project.

SPECIAL NOTES: In accordance with RESTRICTION ON CONSULTANTS' ELIGIBILITY TO COMPETE FOR DEPARTMENT CONTRACTS (TOPIC 375-030-006-B), the following Firm participated in the development of the conceptual plans or Request for Proposal for this Project and is restricted from participation on a Design-Build Firm without approval from the District 5 Secretary. The Firm identified below may not represent a comprehensive list. Firms not listed below who performed services or who are later retained to perform services on this Project are subject to restriction unless an exception is obtained from the Department.
