

**Addendum 2 – 5/8/13**

**For**

**Financial Project Number: 239304-1-52-01**

**Federal Aid Project Number: 2561-073-P**

**Contract Number: E5R83**

239304-1-52-01 Addendum 2 – 4/9/13

SR 530 (US 192) from the Lake County Line to east of Secret Lake Drive in Orange County

(1) The Request for Proposal (RFP) is amended as follows:

- Replace the 2<sup>nd</sup> and 3<sup>rd</sup> paragraphs of the following section:

VII. Technical Proposal Requirements

B. Submittal Requirements:

A copy of the “Written Technical Proposal” must also be submitted in electronic format on a CD. The format shall be in Microsoft Word and the file saved in .html or .pdf format and must include Bookmarks for each Section. No macros will be allowed. Minimum font size of ten (10) shall be used. Times New Roman shall be the required font type. Graphics, tables, charts and photographs not embedded as part of the text of the Technical Proposal shall be held to a maximum of 6 pages and will be considered as part of the total page count of the Technical Proposal. Internet loading of the Technical Proposal shall place in 15 seconds or less.

The maximum number of pages for the Technical Proposal shall be 12 typed pages **and up to 6 pages of graphics, tables, charts and photographs for a maximum total page count of 18.** **The CPM schedule is excluded from the page count and is limited to two (2) pages maximum.** This page limitation does not include Section 4 Design Support Documents and Section 5 Preliminary Plans.

- Replace section 6 with the following:

VII. Technical Proposal Requirements

C. Evaluation Criteria:

6. Environmental Protection, Context Sensitive Design & Construction (5 points)

Credit will be given for minimizing impacts to the environment during all phases of design and construction and insuring all environmental commitments are honored.

Aesthetics will be considered in geometry, economy and appropriateness of structure type, structure finishes, shapes, proportion and form. Architectural treatments such as tiles, colors, emblems, etc. will not be considered as primary aesthetic treatments.

The following sentence has been removed:

~~“Credit will be given for the quality of the following landscaping elements:~~

~~—«List the elements»—”~~

- Remove the requirement to provide two (2) digital copies of the Price Proposal to Michelle Sloan. Replace the following section:

### **VIII. Bid Proposal Requirements.**

#### **A. Bid Price Proposal:**

Bid Price Proposals shall be submitted on the Bid Blank form attached hereto and shall include one lump sum price for the Project and the number of calendar days within which the Proposer will complete the Project. The lump sum price shall include all costs for all design, geotechnical surveys, architectural services, engineering services, Design-Build Firms quality plan, construction of that portion of the Project, and all other work necessary to fully and timely complete that portion of the Project in accordance with the Contract Documents, as well as all job site and home office overhead, and profit, it being understood that payment of that amount for that portion of the Project will be full, complete, and final compensation for the work required to complete that portion of the Project. One (1) hard copy ~~and two (2) digital copies of the Price Proposal~~ shall be hand delivered in a separate sealed package to the following: Michell Sloan Mail Station: 4-524

719 S. Woodland Blvd.

Deland FL. 32720

- Replace the paragraph describing the Project Specific Environmental Services/Permits within the Section titled: **Environmental Services/Permits/Mitigation** with the following :

The following Project Specific Environmental Services/Permits have been identified as specific requirements for this project.:

1. Gopher tortoise (*Gopherus polyphemus*) burrows are known to exist within the current design limits of the project.

2. Environmental Permits

SFWMD 49- 00956-P Modification 12/8/2008

SFWMD 49-00956-P Modification 9/19/2012

USCOE SAJ-1998-4316 (IP-AWP) 12/23/2008

USCOE SAJ-1998-4316 (IP-AWP) Modification 1, 1/7/2009

USCOE SAJ-1998-4316 (IP-AWP) Modification 2, 2/29/2012

USCOE SAJ-1998-4316 (NW-AWP) NW 33, 8/31/2012

USACOE SAJ-1998-4316 (IP-AWP) under current modification to address presence of sand skinks (*Neoseps reynoldsi*). Permit modification will be obtained by FDOT prior to construction.

NPDES GP for Construction Projects – required during construction; to be obtained by contractor;

3. Sand skinks have been documented to occur within the project corridor. The contractor shall take all necessary precautions at the following locations to ensure no construction equipment or materials are stored outside the right of way: station 20+00 to 26+00 (LT side), station 63+00 to 70+00 (LT side) and station 87+50 to 91+50 (RT side). Silt fence, buried 6 inches deep, shall be installed along the ROW at these locations to prevent sand skinks from entering the construction zone, and to protect sand skink habitat beyond the project limits.

The following are available on CD

- (2) ITS LAP final plans
- (3) TOHO Marked Plans (RGB)
- (4) Preservation of Property Specification for ITS lines.
- (5) Pavement Design Package
- (6) Typical Section Package
