**ADDENDUM NUMBER 3**

**TO: All Bid Package Holders**

**PROJECT NAME: Combined Pre-Event Emergency Cut and Toss/Debris Removal**

**FINANCIAL PROJECT NUMBER: TBD**

**DISTRICT CONTRACT NO.: Z-70XX**

**COUNTIES: District Wide**

**BIDS TO BE RECEIVED: October 9, 2013 @ 2:30 P.M.**

The attached information constitutes Addendum Number 3 to the above referenced project:

1. The new bid date when bids will be received for this project will be October 9, 2013.
2. A minimum requirement for "company owned" equipment has been established for this contract of at least 20-30 pieces of company owned equipment –

20 pieces:

- 10 rubber-tired pieces of equipment, to support a cut and toss operation (as defined in scope);
- 10 self loading pieces of equipment to support the debris removal operations

Or

30 pieces:

- 10 rubber-tired pieces of equipment, to support a cut and toss operation (as defined in scope);
- 10 loaders and  
10 haulers to support the debris removal operations

A piece of equipment can be listed under both the cut and toss and removal if it is an appropriate piece of equipment that can accomplish both functions. A self loading truck can be counted as both a loader and a hauler.

The specific equipment requirement is to ensure the prime has the capability of meeting the requirement to perform at least thirty percent of the work with its own forces.

Thirty percent of the 50 crew minimum is 15 crews. We are asking for an equipment listing to meet the needs of only 10 crews.

Please provide the VIN number of the company owned equipment and/or a copy of the rental agreement you will use to obtain the required equipment, for 10 crews to operate.

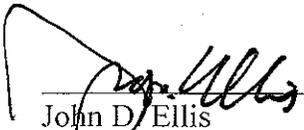

If submitting a rental agreement, provide contact information for an authorized representative of the equipment rental company.

We do not need VIN's for all company owned equipment, only the equipment specified in this addendum. We understand that at the time the contract is activated the pieces of equipment available to respond may not be the same pieces of equipment you submit with this bid.

3. Contractors must include with their bids three (3) references to substantiate their experience working a minimum of three (3) debris removal and/or cut and toss operations with a minimum size of 25,000 tons or 100,000 CY.

**PLEASE ACKNOWLEDGE RECEIPT OF THIS ADDENDUM ON PAGE 1 OF 4 OF THE PROPOSAL OF THE BID PACKAGE IN THE SPACE PROVIDED. FAILURE TO ACKNOWLEDGE RECEIPT AND ACCEPTANCE OF THIS ADDENDUM WILL RESULT IN DECLARING YOUR BID AS NON-RESPONSIVE.**
