Proposers and other interested parties are informed that the above referenced documents are hereby revised, changed and supplemented as set forth below:

GENERAL

- Criteria for Evaluation Number 10 in Section 15.2.1 of the RFP is deleted and replaced by the following:
- 10. Added Value and Proposer-Selected Topics** – Explain offers of Added Value that will be provided on this project beyond the minimum scope requirements or performance expectations, including specific actions, services, products, frequencies, efficiencies or other factors that may enhance the quality of service under this contract. Do not propose Added Value for any activity the Scope of Services expressly excluded from the scope of this contract. Offers of Added Value could potentially add points to the Technical Proposal score, and may or may not be associated with a higher Price Proposal. All Added Value offers will become part of the Proposer's obligations to fulfill as part of the contract. Section ten (10) also allows each Proposer the freedom to include any information addressing any additional topics of the Proposer's choosing. Proposers should select additional topics that they feel are important and helpful to the Committee when evaluating Proposals, yet are not required for inclusion by any other Section.

All other conditions of the subject contract remain unchanged.

If you have any questions regarding this information, please do not hesitate to contact Rich Nethercote at (407) 264-3885.
