PART 2, CHAPTER 33

LIST OF PREPARERS

33.1 OVERVIEW AND PROCEDURE

A list of preparers is required for Environmental Impact Statements (EISs) in accordance with the Regulation for Implementing the Procedural Provisions of the ***National Environmental Policy Act (NEPA)*** established by the Council on Environmental Quality (CEQ) (***Section 1502.17***).

The list includes federal, state, or local agency personnel, including consultants, who were primarily responsible for preparing the EIS or associated technical studies. To make it easy to locate a specific individual, the list should be organized in order of federal, state, consultant, or other participants and describe the educational and professional experience of each preparer. It is also suggested that individuals listed for each given agency, organization, etc., be listed in alphabetical order.

An example list of preparers is shown in ***Figure 33-1***.

In preparing the List of Preparers each person should be contacted to verify educational and professional experience and the number of years employed in their field.
