

**BUSINESS DEVELOPMENT INITIATIVE  
SMALL BUSINESS PROGRAM GUIDANCE  
FOR RESERVING CONTRACTS**

**Construction/Maintenance Contracts and Design/Build Low Bid Contracts**

1. Districts are responsible for reviewing their work program and identifying contracts that are good candidates for the Business Development Initiative (BDI). Identifying a construction or maintenance contract for the BDI means that:
  - a. The contract will be reserved for small businesses;
  - b. The contract will be \$1,500,000 or less;
  - c. Prequalification per Rule 14-22 F.A.C. is not required;
  - d. Performance bonds are waived on contracts \$250,000 or less;
  - e. Bid bonds are \$500 for contracts over \$150,000 and may be in the form of a cashier's check, the BDI Bond form, or the standard Bid or Proposal Bond Form (Form No. 375-020-09); and
  - f. All subcontractors must be small businesses.

In choosing candidate projects for the BDI, the districts should consider if the contract is low risk and if there are sufficient small businesses available to bid on the contract. The Department has a small business listing for road and bridge construction, and maintenance contracts that is available at the following link:

[www2.dot.state.fl.us/sasweb/cgi-bin/broker.exe?\\_service=default&\\_program=inetprog.db2.smbusform.sc](http://www2.dot.state.fl.us/sasweb/cgi-bin/broker.exe?_service=default&_program=inetprog.db2.smbusform.sc)

2. When a contract is identified as a BDI candidate, the District Office must request approval from Central Office to set the contract aside for the BDI Program. The request shall be made and approval obtained prior to adding the BDI Group Identifier to the WP03 Screen in the Financial Management System. The request shall be submitted to Art Wright, Equal Opportunity Office Manager. Art will forward the request to Alan Autry, Alternative Contracting & Contract Administration Specialist for review and approval. The request should have a description of the project, estimated cost, FPID number, Letting Month/Year, estimated Contract Execution Month/Year, and the source of funds (state or federal). Once approved, the contract will be posted as a BDI Project and the appropriate BDI Group Identifier should be added to the WP03 Screen by the District Work Program Office.

6. All bid packages must include BDI Reference Sheet (Form #275-000-02) completed by the contractor and submitted with the bid. The contractor is not required to be prequalified by the Department, so this Reference Sheet is designed to help determine if the contractor has successfully performed similar work on other contracts. The Construction or Maintenance Office (Central or District), whichever is appropriate, is responsible for approving the reference sheet depending on where the project is let. The contractor’s experience must be similar to the scope of work outlined in the intent and scope of the project.
