

## FPRN News

June 21, 2016

### Network Upgrade

On June 28<sup>th</sup>, 2016 we will be performing a software upgrade to the FPRN. As a result of this upgrade expect the FPRN to have downtime.

**PLEASE PLAN ACCORDINGLY!!!**

### Network Solutions

When using port 10000 to receive corrections you **must** turn on your NMEA (GGA) message string, and it must be set to broadcast at a rate of 30 seconds or less.

We are currently having issues with the GLONASS satellites, as a result we have turned off GLONASS on all network products.

### New Stations

We have finally added the station in Cedar Key and resolved the issues with Fernandina Beach.

Both sites should be adjusted into the network and operational on June 21<sup>st</sup>, 2016.

### Upcoming Stations

Agreements are finalized to place stations at the following location:

FLBR – Bronson

We are working on agreements at the following locations:

FLCM – Clermont

FLOH – Oakhill

FLHC – Hendry County

### Announcements

**On June 28, 2016 the FPRN will be undergoing software upgrades.**

**Expect the Network to have downtime.**
