1989-90 Edition

FLORIDA TOLL ROADS

AIRPORT EXPWY.- dntn. Miami to airport, 8.8 mi. in length.
BEE LINE EXPWY.- Orlando to Cape Canaveral, 53 mi. in length.
DOLPHIN EXPWY.- dntn. Miami to Palmetto Expwy., 9 mi. in length.
EVERGLADES PKWY.- Naples to Andytown, 78 mi. in length.
HOLLAND EAST-WEST EXPWY.- So. Orlando bus. dist., 13.5 mi. in length.
FLORIDA'S TNPK.- Wildwood to Homestead, 318.8 mi. in length.
J. TURNER BUTLER EXPWY.- S.R. 115 to Jacksonville Beach, 9.9 mi. in length.
SAWGRASS EXPWY.- northwest of Ft. Lauderdale, 22 mi. in length.
SOUTH CROSSTOWN EXPWY.- Tampa, 17.5 miles in length.

SPECIAL TRAFFIC REGULATIONS

HEADLIGHTS
Headlights must be used between the hours of sunset and sunrise. During other hours, lower beam headlights must be used when vision is reduced to 1000 feet or less as well as during fog, smoke, and rain.

TRAFFIC SIGNALS- "A right turn on RED is permitted with caution after stopping. A left turn on RED is also permitted with caution after stopping, from a one-way street onto another street which is one-way to the left. Either movement may be prohibited by a traffic sign for certain time periods or at all times."

FLORIDA SCHOOL BUS LAW
All traffic must STOP when school buses are loading or unloading except when buses are on the opposite roadway of a divided highway which has an unpaved space of 5 feet or more or a physical barrier between the roadways.

TRAFFIC CONTROL DEVICES

THESE OVERHEAD TRAFFIC SIGNALS PLACED MIDBLOCK MEAN:
USE THIS LANE · DON'T USE THIS LANE · RIGHT LANE ENDS, MERGE LEFT · THIS SYMBOL PROHIBITS THE OBJECT OR TRAFFIC MOVEMENT SHOWN WITH IT · PARKING ONLY FOR VEHICLES DISPLAYING AN OFFICIAL PERMIT WHEN TRANSPORTING A HANDICAPPED PERSON (F.S. 316.1955) · NO BICYCLES · BIKE XING

CENTER LANE AS SHOWN IN FOR LEFT TURNS FROM BOTH DIRECTIONS - SIGN MAY BE OVERHEAD OR ON SHOULDER

PAVEMENT MARKINGS
It is UNLAWFUL to change lanes across any of the following marking patterns:
1. A double WHITE solid line
2. A double WHITE solid line
3. A single WHITE solid line on your side of a broken yellow line
(EXCEPTION - In cases 1 and 3, a left turn may be made with caution into an alley, private road or driveway when opposing traffic is clear, and when you can do it and when driver's view is not obstructed.)
A single WHITE solid line discourages, crossing but does not prohibit crossing. A single YELLOW solid line has no official meaning although it is used by some jurisdictions on two-lane, two-way streets to discourage crossing.

BICYCLE REGULATORY WARNING AND GUIDE SIGNS
NO PASSING ZONE — PLACED ON THE LEFT SHOULDER

"KEEP FLORIDA GLITTER CLEAN"

The map of Florida in the pictorial below is a reproduction of a map which first appeared in the 1584 edition of cartographer Abraham Ortelius' atlas of the world. The map was drawn in Spain by Geronimo de Chaves and is regarded as one of the most important early maps of the southeastern area of North America.

Dear Visitors:

As Governor, I want to welcome you to the Sunshine State! Whether you are here for a brief visit, vacation or business, I hope this map will guide you safely to your destination and that your trip will be an enjoyable experience you will long remember.

Florida's ideal climate attracts people from all over the world. Our state has the greatest assortment of natural and man-made attractions in the world including theme parks, 1,300 miles of beautiful beaches, Kennedy Space Center and over 100 state parks, museums, gardens and preserves.

Our beautiful and sensitive environmental resources include the Florida Everglades, almost 8,000 rivers, streams and inland lakes, and the largest living coral reef in North America. As Governor, I am deeply committed to protecting our natural environment and resources through growth management and careful planning, and I urge you to do your part as you travel Florida's roads.

Our unique history is also an attraction. The oldest settlement in our nation is located in St. Augustine, and there are historic battle sites, Indian settlements, remnants of famous explorers, and treasure left by sunken Spanish galleons.

Wherever your destination, we're glad you're here. We hope you'll come back soon.

Sincerely,

Bob Martinez
Governor

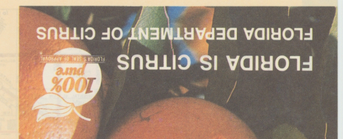
Although Florida has long been known as a vacation wonderland, its reputation as a leading oil producer began even earlier, in fact, the history of oil in Florida is as old as the state itself. Produced at Spanish in the seventh century, years before the Americas were discovered, oil was found in the tidelands which served as the primary means of commercial transportation along St. Johns River in Florida. The building of the railroad, which connected Jacksonville to Tampa in 1884, resulted in a shift in citrus plantation to the tidelands where new and growing industry



The building of new homes and businesses ignited a boom in land sales. Florida began to surpass California as the leading citrus producer in the early 1940s and today produces over 70% of the nation's supply of oranges, grapefruit, lemons, limes, tangelos and tangerines.

Florida's citrus industry has been severely affected by the tristeza virus, which has killed millions of trees. Scientists are working to develop new varieties of citrus resistant to the disease. Florida began to lose ground to California in the 1960s and has since been overtaken by Brazil as the world's largest producer of orange juice. Despite these setbacks, Florida remains the leading producer of citrus products in the United States.
