This map was compiled from U. S. Geological Survey quadrangle maps, Florida Dept. of Transportation aerial photography completed Feb.,2005, General Land Office plats, inventory surveys and other available map data.

This map was compiled using interactive computer graphic methodologies.

This map was prepared on the Transverse Mercator projection, 1983 North American Datum, Florida system of coordinates, West Zone.

The railroad stations on this map do not necessarily denote the presence of a depot or the facility. It may be a flag stop, a passing track or a siding, designated for the receipt or delivery of freight.

No attempt has been made to show all drainage canals or ditches.

All populations are taken from the 2000 United States Census (+2000 the population of Polk County was 405,382. There are 1961 square miles in the county.

No credit is made for the basic cartographic source material taken from a work or works of the United States Government.

Due to the scale of this map, the Florida Department of Transportation cannot guarantee the accuracy of features in road alignments, configurations of intersections or other related data.

Corporate boundaries are determined using all available information. However, the Florida Department of Transportation Surveying and Mapping Office is not responsible for inaccuracies resulting from unknown or unobtainable information.

Maps of this series are in the public domain. The maps are compiled and published using public tax monies and are copyrighted to prevent reproduction and resale for profit.
