 - SOLID WASTE MANAGEMENT FACILITY
 - POWER SUBSTATION
 - COMMUNICATIONS FACILITY
 - LOCKED GATE OR FENCE
 - TRIANGULATION STATION
 - LOCATION OF SYMBOL

This map was compiled from U. S. Geological Survey quadrangle maps, Florida Dept. of Transportation aerial photography completed in Dec., 1993, General Land Office plats, road inventory surveys Jan., 1998, and other available map data.

This map was compiled using interactive computer graphic methodologies.

This map was prepared on the Transverse Mercator projection, 1983 North American Datum, Florida system of coordinates, North Zone.

The railroad stations on this map do not necessarily denote the presence of a depot or tike facility. It may be only a point, such as a platform or siding, designated for the receipt or delivery of freight.

No attempt has been made to show all drainage canals or ditches.

All populations are taken from the 1990 United States Census. In 1990 the population of Bradford County was 22,515. There are 233 square miles in the county.

No claim is made for the basic cartographic source material taken from a work or works of the United States Government.

Due to the scale of this map, the Florida Department of Transportation assumes no responsibility for inaccuracies in road alignments, configurations of intersections or other related data.

Corporate boundaries are determined using all available descriptions at the date of revision. The Florida Department of Transportation Surveying and Mapping Office is not responsible for inaccuracies resulting from unknown or unobtainable information.

Maps of this series are in the public domain. The maps are compiled and published using public tax monies and are copyrighted to prevent reproduction and resale for profit.

For the price and availability of this map, contact Maps and Publications, Florida Department of Transportation, Tallahassee, FL 32399-0450. Phone (850) 414-4050.
