- FIRE STATION
- CORRECTIONAL INSTITUTION
- JUNKYARD
- SOLID WASTE MANAGEMENT FACILITY
- SEWAGE DISPOSAL PLANT
- POWER SUBSTATION
- COMMUNICATIONS FACILITY
- LOCKED GATE OR FENCE
- TRIANGULATION STATION

This map was compiled from U. S. Geological Survey quadrangle maps, the most recent Florida Department of Transportation aerial photography, General Land Office plots, road inventory surveys provided by FDOT District personnel or others hired by the Department, and other map data.

This map was compiled using interactive computer graphic methodologies.

This map was prepared using the transverse Mercator projection, 1883 North American datum, Florida system of plane coordinates - West Zone.

The railroad stations on this map do not necessarily denote the presence of a depot or like facility. It may be only a point, such as a platform or siding, designated for the receipt or delivery of freight.

No attempt has been made to show all drainage canals or ditches.

No attempt has been made to show all cultural features in completed areas.

All populations are taken from the 2000 United States Census. In 2000 the population of DeSoto County was 32,209. There are 637 square miles in the county.

No claim is made for the basic cartographic source material taken from a work or works of the United States Government.

Due to the scale of this map, the Florida Department of Transportation assumes no responsibility for inaccuracies of road alignments, configurations of intersections or other related data.

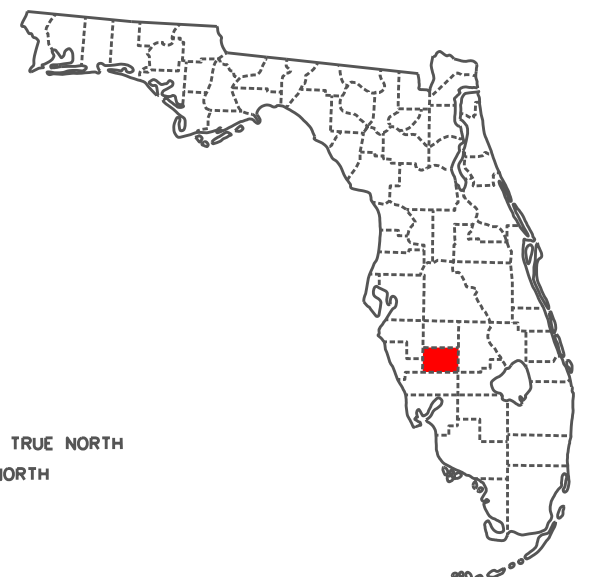

Corporate boundaries are determined using all available depictions at the date of revision. The Florida Department of Transportation Surveying and Mapping Office is not responsible for inaccuracies resulting from unknown or unobtainable information.

Maps of this series are in the public domain. The maps are compiled and published using public fee notices and are copyrighted to prevent reproduction and resale for profit.
