  - LOCKED GATE OR FENCE
  - TRIANGULATION STATION

This map was compiled from U. S. Geological Survey quadrangle maps, Florida Dept. of Transportation aerial photography collected since 1950, General Land Office state inventory surveys and other available map data.

This map was compiled using interactive computer graphic technologies.

This map was prepared on the Lambert conformal conic projection, 1983 North American Datum, Florida system of coordinates, East Zone.

The railroad stations on this map do not necessarily denote the presence of a depot or like facility. It may be only a point, such as a station or siding, designated for the receipt or delivery of freight.

No attempt has been made to show all drainage canals or ditches.

All populations are taken from the 2000 United States Census. In 2000 the population of Hendry County was 36,210. There are 1,153 square miles in the county.

No claim is made for the basic cartographic source material taken from a work or works of the United States Government.

Due to the scale of this map, the Florida Department of Transportation assumes no responsibility for inaccuracies in road alignments, configurations of intersections or other related data.

Corporate boundaries are determined using all available descriptions on the date of revision. The Florida Department of Transportation Surveying and Mapping Office is not responsible for inaccuracies resulting from unknown or unobtainable information.

Maps of this series are in the public domain. The maps are compiled and published using data, names and are copyrighted to prevent reproduction and resale for profit.

For the price and availability of this map, contact Maps and Publications, Florida Department of Transportation, Tallahassee, FL 32399-0450. Phone (904) 414-6550.
