David Fierro, (904) 360-5582
david.fierro@dot.state.fl.us

Ramps at I-295 East and Heckscher Drive will change Monday

Jacksonville – Northbound I-295 East beltway traffic using the Heckscher Drive (SR 105) interchange faces a new ramp configuration for Monday’s commute.

FDOT’s contractor, Superior Construction, has built separate ramps for east and westbound Heckscher Drive traffic.

Traffic coming over the Dames Point Bridge will take the first ramp for eastbound Heckscher Drive and a second ramp for westbound Heckscher Drive.

The contractor will begin the ramp shift at 10 p.m. on Sunday night to have the new configuration in place for Monday morning traffic.

The work is part of a \$21 million reconstruction of the interchange that is addressing a logjam at JAXPORT where two major seaports and multiple terminals create a high demand for trucks entering and exiting the port to access the Interstate system.

Adding to the mix is a new Intermodal Container Transfer Facility (ICTF) hub just east of I-295, which was recently completed. Once open, the ICTF will add to an already busy nexus for commercial trucking in the area.

Follow us on Twitter @MyFDOT_NEFL and Facebook at www.facebook.com/myFDOTnefl for the latest updates on road and lane closures.
