County Road 714 Widening Project

FM#: 230978-2-52-01

MEDIAN ACCESS MODIFICATIONS EFFECTIVE DECEMBER 28

Starting December 28, 2015, construction of the median along CR 714 from Berry Avenue to just west of Mapp Road will begin. Motorists will no longer be able to freely turn through the median along the 1.879-mile construction corridor, as all permanent median access modifications will be in place. In addition to the signalized intersections, median openings will be at the following locations:

- Armellini Avenue, Hidden Oaks Middle School Western Entrance, Isleworth Circle, Newberry Court, and Mid-block near GCY Surveyors & Mappers.

The opening at the Publix Plaza Western Entrance will be temporarily closed through **mid-March 2016** to construct the median (see "X" below).

This work is part of the $15.72 million County Road 714 widening project that includes adding one lane in each direction and constructing a raised median with access points throughout the corridor. Additional improvements include: constructing an eight-foot sidewalk and a five-foot bike lane on both sides of the roadway; drainage improvements; sound wall installation at Sunset Trace; replacing the box culvert at Danforth Creek; and signage, signalization, landscape and lighting improvements. This project is anticipated to be completed in summer 2016.
