## **E85 Fuel Temporarily Unavailable at Port St. Lucie/Fort Pierce Service Plaza Due to Construction**

FORT LAUDERDALE — Due to ongoing construction, E85 fuel cannot be dispensed at the northbound and southbound fueling islands of the Port St. Lucie/Fort Pierce Service Plaza until further notice. This situation is temporary and E85 fuel will again be available when the new convenience store and fueling station opens.

The Fort Drum Service Plaza (Milepost 184) and West Palm Beach Service Plaza (Milepost 94) offer alternative fueling stops for drivers that use E85 fuel.

The Port St. Lucie/Fort Pierce Service Plaza is undergoing a \$21 million renovation and reconstruction project. Improvements include a new 40,000-square-foot restaurant building; new 3,500-square-foot convenience store and fueling pumps; and expanded truck parking.

Drivers may dial 5-1-1 for real-time traffic information, visit [www.FL511.com](http://www.FL511.com), or check the 5-1-1 or Waze mobile apps before traveling. Traffic and travel information is also available by following [@fl511\\_Turnpike](#) on Twitter.
