DISTRICT ONE ROADWATCH REPORT #14 FOR WEEK OF April 3, 2016

District One is 12 counties: Charlotte, Collier, DeSoto, Glades, Hardee, Hendry, Highlands, Lee, Manatee, Okeechobee, Polk and Sarasota

Motorists are reminded to wear safety belts and drive with caution, courtesy, common sense, and patience as they travel through work zones. Remember, speeding fines are doubled in work zones.

As a reminder, travelers can visit www.FL511.com or dial “511” from their phone to learn about traffic conditions on major roadways across the state. If you know before you go, you can plan accordingly and save time and money.

CHARLOTTE COUNTY

I-75 from south of Harborview Drive (mile marker #167) to Sumter Boulevard (mile marker #182): Construction project: This project widens the road from four to six lanes and adds a 12-foot travel lane and 10-foot shoulder to the inside of existing northbound and southbound I-75. Work begins with installation of construction signs and silt fence for erosion control.

- **Motorists should expect Raintree Street to be closed temporarily for the next several months at the I-75 overpass. Motorists should follow detour signs**

Variable message signs will be in place to alert drivers that work is underway. Drivers should use caution while traveling in this area. Estimated completion is end of 2017. The contractor is Astaldi Construction Corporation.

I-75 from Lee/Charlotte County Line to North Jones Loop Road (mile marker #161): Construction project: Crews are adding lanes, resurfacing the existing roadway, performing bridge work, making drainage improvements, and adding guardrail, signs and pavement markings from the Lee/Charlotte County Line to south of Tuckers Grade (exit #158). Crews are also making drainage improvements from north of Tuckers Grade (exit #158) to south of North Jones Loop Road (exit #161). **Motorists should expect lane closures on I-75 during the nighttime/overnight hours from 8 p.m. to 5 a.m. Traffic**

shifts to the inside of the roadway through the duration of the project. Motorists should also use caution as construction vehicles and equipment enter and exit the roadway. PLEASE DRIVE WITH CARE. Variable message boards notify motorists of anticipated closures. Estimated project completion is summer 2016. The contractor is AJAX Paving Industries of Florida, Inc.

US 41 from Enterprise Drive to Sarasota/Charlotte County Line: Construction project: Crews are working to expand US 41 to six lanes from Enterprise Drive to the Sarasota/Charlotte County Line. This 3.6-mile project also includes making roadway drainage improvements, installing water and sewer lines, adding bike lanes and sidewalk and replacing signals at Enterprise Drive, Toledo Blade Boulevard and S. Cranberry/Cornelius Boulevards. Crews are installing new utilities, building new roadway and drainage.

- **Motorists should expect nighttime/overnight intermittent northbound and southbound lane closures**
- **Collingswood Boulevard is closed at US 41. Motorists should follow detour signs.**
- **Northbound and southbound traffic is shifted to the outside onto temporary pavement**
- **The Chamberlain Boulevard median opening and access to Chamberlain Boulevard from US 41 will close for this phase of construction for approximately 3 months; motorists should follow the detour signs**
- **The speed limit is reduced to 40 miles per hour**

Drivers should be aware of construction vehicles and equipment entering and exiting the roadway. The contractor expects to complete work in spring 2017. The contractor is Guymann Construction Inc.

US 41 from Charlotte County Line to Morningside Drive: Construction project: Crews will be widening northbound shoulders and resurfacing the roadway. This project also includes updating signage and pavement markings. Work occurs during daytime and nighttime hours. **Motorists should expect intermittent northbound lane closures through the duration of the project.**

- **Southbound traffic now uses the west side of the roadway at the Charlotte/Lee County line. Motorists exiting driveways and side streets in this area should use caution**

Drivers should use caution traveling in this area. Estimated completion is early 2016. The Contractor is Ajax Paving Industries of Florida, LLC.

COLLIER COUNTY

I-75 from Broward County Line (mile marker 25) to east of CR 951/Collier Boulevard (mile marker 101): Construction project: This safety project adds approximately 78 miles (39 miles in each direction) of guardrail along I-75/Alligator Alley from the Broward County line to east of CR 951 in Collier County. Crews will begin a moving pavement operation at CR 951 (exit 101) and work easterly to the Broward County Line. Crews will then work from the Broward County Line westerly to just east of CR 951. Guardrail installation will follow behind the pavement operation. Crews will work 7 a.m. to 5 p.m. weekdays, with intermittent lane closures. Variable message signs will be in place to alert drivers that work is underway.

- **Motorists should expect intermittent lane closures from 7 a.m. to 5 p.m., through the duration of the project**
- **Motorists should expect the outside southbound lane closed from mile marker 57 to mile marker 69**
- **Crews will be installing guardrail from mile marker 94 to mile marker 96 southbound**

Drivers should use caution while traveling in this area. The contractor is the de Moya Group, Inc. Estimated completion is summer 2017.

I-75 from north of CR 951/Collier Boulevard (mile marker 101) to just north of Golden Gate Parkway (mile marker 105): Construction project: This project adds six lanes and adds a 12-foot travel lane and 10-foot shoulder to the inside of existing northbound and southbound I-75. Work begins with installation of construction signs and silt fence for erosion control.

- **Motorists should expect the southbound off-ramp at Collier Boulevard (exit #101) closed during the nighttime/overnight hours from 9 p.m. to 5 a.m. on Sunday, April 3, weather permitting. Motorists should follow detour signs**

Variable message signs will be in place to alert drivers that work is underway. Drivers should use caution while traveling in this area. Estimated completion is summer 2016. The contractor is Ajax Paving Industries of Florida, Inc.

I-75 over the Little Marsh River: Maintenance contract project: Motorists should expect the outside southbound lane closed from 9 a.m. to 4 p.m. on Wednesday, April 6 for crews to perform maintenance work on the bridge, weather permitting. Flaggers will maintain both directions of traffic. Motorists are advised to use caution and expect delays.

US 41 from the Coastland Center entrance to Golden Gate Parkway: Maintenance contract project: Motorists should expect the outside northbound lane closed from 10 a.m. to 2 p.m. on Wednesday, April 6 for crews to repair the drainage inlet, weather permitting. Drivers should use caution as crews work in the roadway.

US 41 at Pelican Marsh Boulevard: Construction project: Motorists should expect intermittent lane closures during nighttime/overnight hours from 6 p. m. to 6 a.m. for crews to make signalization improvements at the intersection. Estimated project completion is summer 2016. The contractor is AJAX Paving Industries of Florida, Inc.

US 41 from Mosquito Canal to SR 29: Construction project: Crews are resurfacing US 41 from east of the Mosquito Canal to SR 29. This project also includes shoulder widening and guardrail replacements. Motorists should expect intermittent lane closures through the duration of the project. Flaggers will be on site to maintain traffic. Drivers should expect possible delays and use caution while crews work in the roadway. Estimated completion is spring 2016. The contractor is General Asphalt Company, Inc.

US 41 from 6 L's Farm Road to CR 92/San Marco Road: Construction project: Crews are constructing a multi-use path on the south side of roadway. **The speed limit will be reduced from 60 mph to 50 mph during the day.** The speed limit will remain at 45 mph during nighttime hours. Motorists should expect intermittent daytime lane closures while crews are working. Driver should use caution traveling in the work zone. Estimated completion is summer 2016. The contractor is Community Asphalt Corporation.

US 41 From Pelican Bay Boulevard to Vanderbilt Beach Road: Construction project: Crews will be placing sidewalk, curb and gutter, bus shelter pads, handrail, drainage, relocate lighting and signing and pavement marking US 41. Work occurs during daytime and nighttime hours. **Motorists should expect intermittent lane closures through the duration of the project from 9:30 p.m. to 6 a.m.** Drivers should use caution traveling in this area. Estimated completion is early 2016. The Contractor is Quality Enterprises USA, Inc.

CR 896/Pine Ridge Road from US 41 to east of Caribbean Road: Construction project: This quarter mile project includes a new westbound left-turn lane at the Pine Ridge Road/US 41 intersection, milling and resurfacing, and drainage improvements. The improvements also include traffic signal replacement, landscaping, sidewalks, and signage/pavement markings.

- **Westbound lane closures may occur during nighttime/overnight hours from 8 p.m. to 5 a.m. and eastbound lane closures may occur during nighttime/overnight hours from 10 p.m. to 6 a.m.**

Drivers should use caution traveling in this area. Estimated project completion is spring 2016. The Contractor is Wright Construction Group.

DESOTO COUNTY

US 17 from CR 760A to Heard Street and within the City of Arcadia: Construction project: Crews are expanding US 17 to four lanes. Work is underway for two new travel lanes to the east of existing US 17 travel lanes includes utility activities, installation of drainage

and fill soils, and new roadway construction. In Nocatee, the contractor plans on a single lane flagging operation to cross CR-760 with a new water line. In Arcadia, SW Hibiscus Dr. will be closed for about three weeks starting on March 23th. The detour route will be SW Palm Dr. to SE Hillsborough Ave. Northbound and southbound US 17 traffic have switched to the new portion of US 17 from south of CR-760A/McCaskill Street to north of CR 760/Welles Avenue. Traffic remains on the existing lanes of US 17 north of Joshua Creek. Motorists should continue to observe the posted speed limits. Work vehicles are entering and exiting the roadway during the week. Please use caution and plan additional travel time. Expected project completion is in the summer of 2017. The contractor is Prince Contracting.

GLADES COUNTY

SR 78 from Canal Boat Ramp to Okeechobee County Line: Construction project: Crews are re-setting guardrail and paving throughout project limits. Watch for single lane closures with flaggers directing traffic. Work on this project includes resurfacing and resetting guardrail. Expected project completion is summer 2016. The contractor is Lawrence-Lynch Corporation. Motorists should use caution when traveling through the work zone.

SR 78 in the City of Lakeport: Maintenance project: Crews will be landscaping near the roadway during daytime hours. Motorists should use caution as crews work near the roadway.

US 27 from the Highlands County Line to the City of Palmdale: Maintenance project: Crews will be landscaping near the roadway during daytime hours. Motorists should use caution as crews work near the roadway.

State Roadways (SR 78, SR 29 and US 27): Maintenance contract project: Crews will be striping the state roadways and bridges. Motorists should expect lane closures from 8:00 a.m. to 5:00 p.m. weekdays, weather permitting. Motorists should expect slow moving traffic and possible delays.

HARDEE COUNTY

Martin Luther King Jr. Blvd from Jones Street to Grape Street: Construction project: The project consists of sidewalk construction, drainage improvements, milling, resurfacing and signing and pavement markings. The contractor is constructing the new sidewalks. Expected completion is spring 2016. The contractor is Concrete Products, Inc.

Doyle Parker Avenue from County Line Road to US 17: Construction project: The project consists of sidewalk construction, drainage improvements, milling, resurfacing and signing and pavement markings. The contractor is constructing the new sidewalks. Expected completion is spring 2016. The contractor is Concrete Products, Inc.

US 17 from KD Revell Road to REA Road: Construction Project: Crews will be constructing sidewalk on the east side of US 17. Work is expected to take place during

the day and will require minimal lane closures. Motorists should use caution as crews work near the roadway.

HENDRY

SR 82/Immokalee Road from the Lee/Hendry County Line to the Hendry/Collier County Line: Construction project: Crews begin work to widen SR 82 to four lanes from the Lee/Hendry County line to the Hendry/Collier County line. This 1.3 mile project improves drainage to manage water running off the roadway and builds new five-foot sidewalk on the north side of the road. **Motorists should expect lane closures while crews are working and use caution traveling in the work zone.** Estimated completion is end of 2016. The contractor is Community Asphalt Corporation.

SR 80 from US 27 to the City of Labelle: Maintenance project: Crews will be landscaping near the roadway during daytime hours. Motorists should use caution as crews work near the roadway.

SR 80 at Hendry Isles Boulevard: Maintenance project: Motorists should expect intermittent outside eastbound and westbound lane closures during daytime hours Monday through Thursday, for crews to landscape near the roadway. Motorists should use caution as crews work near the roadway.

SR 80 from west of Cowboy Way to Huggett Road: Maintenance project: Crews will be installing a waterline near the east side of the roadway during daytime hours. Motorists should use caution as crews work near the roadway.

SR 80 from west of Cowboy Way to Huggett Road: Permit project: Motorists should expect intermittent daytime lane closures from 9 a.m. to 4 p.m. for crews to perform underground work for installation of a new traffic signal. Drivers should use caution as crews work in the roadway.

HIGHLANDS COUNTY

US 441 from SE 126th Boulevard to Martin County line: Permit project: Crews are rebuilding an existing driveway. Use caution and watch for workers close to the road.

US 27 from Golfview Drive to Tubbs Road in Sebring: Construction project: Watch for periodic nighttime lane closures while crews load and unload equipment and materials. The channel beneath the bridge that provides access between Lake Jackson and Little Lake Jackson will remain closed for the remainder of the project while crews dredge the channel. Expected completion is spring 2016. The contractor is Douglas Higgins, Inc.

US 27 Southbound across from Northwood Blvd: Permit project: Crews are closing the outside southbound lane during the day to construct a deceleration lane. Watch for workers close to the road and be prepared to merge.

SR 70 from CR 29 to Okeechobee County Line: Maintenance project: Crews are trimming bushes around guardrails in various locations Monday through Thursday from 7:30 a.m. to 5:30 p.m.

SR 17 from US 27 to South Lakeview Terrace (Sebring): Utility permit work: Crews are replacing poles and relocating utilities. Watch for intermittent daytime lane closures, use caution and be prepared to merge.

SR 17 from San Remo Ave to Ponce De Leon Pkwy: Permit project: Crews are building a new driveway. Use caution and watch for workers close to the road.

US 27 Southbound over Josephine Cree (four miles south of SR 66) Maintenance project: Crews will be making routine repairs on the bridge deck. Motorists should expect intermittent lane closures weekdays from 9:00 am to 4:00 pm. Watch for workers and be prepared to merge.

SR 70 from the Highlands county line to CR721 South: Maintenance contract: will be replacing side drain pipes. No lane closers are expected, motorists are asked to use caution, as crews will be working near the roadway.

LEE COUNTY

I-75/Bonita Beach Road (exit # 116): Maintenance contract project: Motorists should expect intermittent lane closures on the northbound and southbound exit ramps during nighttime/overnight hours from 9 p.m. Sunday, April 3 to 5 a.m. Monday, April 4 for crews to mill and resurface the roadway. Motorists should also expect eastbound and westbound lane closures on Bonita Beach Road from Miller Road to Oakland Drive during the nighttime/overnight hours from 9 p.m. Sunday, April 3 to 5 a.m. Monday April 4 for crews to mill and resurface the roadway. Motorists should expect delays and use caution as crews work in the roadway.

US 41 from Business 41 to Del Prado Boulevard: Maintenance project: Crews will be repairing drainage pipes along the roadway during daytime hours. Motorists should use caution as crews work near the roadway.

US 41 from Batista Farms Road to Elwood Road: Maintenance contract project: Motorists should expect outside southbound lane closures during nighttime/overnight hours from 7 p.m. to 6 a.m. weekdays, for crews to construct a deceleration lane. Drivers should use caution as crews work in the roadway.

US 41 from Santa Elena Drive to Hickory Drive: Maintenance contract project: Motorists should expect outside southbound lane closures during nighttime/overnight hours from 7 p.m. to 6 a.m. weekdays, for crews to construct a deceleration lane. Drivers should use caution as crews work in the roadway.

US 41/Cleveland Avenue at Pondella Road: Maintenance project: Crews will be cleaning drainage pipes along the roadway during daytime hours, weather permitting. Motorists should use caution as crews work near the roadway.

SR 884/Colonial Boulevard at I-75: Construction project: Motorists should expect intermittent westbound lane closures from 9 a.m. to 5 p.m. and intermittent eastbound lane closures from 7 p.m. to 2 p.m. for crews to make improvements to the intersection. Work includes modifications to the westbound and southbound dual left turn lanes and entrance ramps. Crews will also make modifications to the island between the eastbound/southbound and westbound/southbound entrance ramps. New mast arm signals will be installed for westbound and southbound dual left turn lanes. Estimated project completion is summer 2016. The contractor is AJAX Paving Industries of Florida, Inc.

SR 867/McGregor Boulevard at A&W Bulb Road: Construction project: This intersection improvement project begins with installation of construction signs along the project limits and placing erosion control. Work includes a new traffic signal, median modifications and resurfacing. The improvements also include sidewalks, signs and pavement markings.

- **Motorists should expect lane closures from 9 a.m. to 4 p.m. and during nighttime/overnight hours from 7 p.m. to 6 a.m. through the duration of the project.**

Drivers should use caution traveling in this area. Estimated project completion is early summer 2016. The Contractor is Wright Construction Group.

SR 867/McGregor Boulevard at Georgetown: Maintenance project: Crews will be cleaning drainage pipes along the roadway during daytime hours, weather permitting. Motorists should use caution as crews work near the roadway.

SR 867/McGregor Boulevard at Kimberly Lane: Maintenance project: Crews will be cleaning drainage pipes along the roadway during daytime hours, weather permitting. Motorists should use caution as crews work near the roadway.

SR 865/San Carlos Boulevard from Pine Ridge Road to SR 867/McGregor Boulevard: Maintenance project: Crews will be cleaning drainage pipes along the roadway during daytime hours, weather permitting. Motorists should use caution as crews work near the roadway.

SR 739/Evans Avenue at Thompson Street: Construction project: Motorists should expect intermittent lane closures during nighttime/overnight hours from 7 p. m. to 6 a.m. for crews to make signalization improvements at the intersection. Estimated project completion is summer 2016. The contractor is AJAX Paving Industries of Florida, Inc.

SR 82/Immokalee Road at Homestead Road: Construction project: Crews will be constructing an eastbound left-turn lane at the intersection of SR 82 and Homestead Road.

- **Motorists should expect intermittent lane closures through the duration of the project**

Drivers should expect possible delays and use caution while crews work in the roadway. Flaggers will be on site to maintain traffic. Estimated project completion is spring of 2016. The contractor is AJAX Paving Industries of Florida, LLC.

SR 82/Dr. Martin Luther King Jr. Boulevard from Evans Avenue to Ortiz Avenue: Maintenance contract project: Motorists should expect intermittent inside eastbound and westbound lane closures from 9 a.m. to 2 p.m. Monday through Thursday, for crews to replace mulch in the median. Drivers should expect delays and use caution as crews work near the roadway.

State Roadways (SR 31, SR 78, SR 80, SR 82, SR 865, SR 867, SR 884 and US 41): Maintenance contract project: Crews are restriping lanes. Motorists should expect lane closures during the nighttime/overnight hours from 7 p.m. to 5 a.m. weather permitting. Motorists should expect slow moving traffic and possible delays.

MANATEE COUNTY

I-75 (SR 93) / University Parkway Diverging Diamond Interchange (DDI)

(Sarasota/Bradenton): Construction Project:

Detour – Southbound I-75 On-Ramp CLOSED at the I-75/University Parkway Interchange:

Sunday, April 3. Details below:

The contractor anticipates a temporary detour route at the I-75/University Parkway interchange at night/overnight Sunday, April 3 between 11 p.m. and 5 a.m. while crews apply pavement markings on the southbound I-75 on-ramp.

Motorists traveling on University Parkway wishing to travel south on I-75 are directed to enter northbound I-75, exit at westbound SR 70/Exit 217B, enter southbound I-75 and continue south on I-75. An alternative option is to travel south on Cattlemen Road; travel east on Fruitville Road; and enter southbound I-75.

Detour – Southbound I-75 Off-Ramp CLOSED at the I-75/University Parkway Interchange:

Monday, April 4 through Friday night, April 8. Details below:

The contractor anticipates a temporary detour route at the I-75/University Parkway interchange at night/overnight Monday, April 4 through Friday night, April 8, between 11 p.m. and 5 a.m. while crews install temporary barrier wall on the southbound I-75 off-ramp.

Motorists traveling southbound on I-75 wishing to exit at University Parkway/Exit 213 are directed to continue south on I-75, exit at Fruitville Road/Exit 210, travel east and enter northbound I-75, travel north and exit at University Parkway/Exit 213.

Temporary intermittent single and double lane closures are in place at night/overnight on northbound I-75 Sunday, April 3 through Thursday night, April 7 from 8 p.m. to 7 a.m. Double lane closures begin at 10 p.m. **Watch for trucks entering and leaving the highway.**

Temporary intermittent single and double lane closures are in place at night/overnight on eastbound and westbound University Parkway from Cooper Creek Blvd. to Market Street Sunday, April 3 through Friday night, April 8 from 9 p.m. to 7 a.m., double lane closures begin at 10 p.m.

The contractor is driving piles during the daytime and nighttime, installing drainage pipe throughout the project, widening the bridge at Foley Creek, paving and installing barrier wall, signalization work, and constructing the MSE wall for the new bridge at I-75. **Watch for changes in the speed limit. Speeding fines double when workers are present.**

Improvements being made as part of this project consist of constructing a diverging diamond interchange, adding an auxiliary lane on northbound and southbound I-75, constructing new bridges on I-75 over University Parkway, widening of University Parkway, widening of I-75 bridges over Errie Creek and Foley Creek, realignment of on-ramps and off-ramps at I-75/University Parkway, addition of ponds, drainage improvements, new lighting and signalization, construction of a noise wall on the west side of I-75, sidewalks, bike lanes, and pedestrian walkways. Expected completion is fall 2017. The contractor is Prince Contracting, LLC. For additional information, please visit the project website at <http://www.swflroads.com/i75/university/>

I-75 Bridge over CSX Railroad Crossing: Construction project: Crews are resurfacing the roadway, installing new signing, and pavement markings. Expect nighttime/overnight lane closures while crews are working. AJAX Paving Industries is the contractor. Expected completion is summer 2016.

US 301 from CR 675 to Moccasin Wallow Road: Construction project: Crews are widening the roadway to a four-lane divided highway; constructing sidewalk; installing highway lighting; constructing medians, and improving drainage. Crews are working Monday through Saturday, 7 a.m. to 7 p.m. A daytime northbound turn lane closure may be in place along US 301 south of CR 675 (Rutland Road). Shifts of the through lane traffic may be in place to accommodate work near to the road. However, all northbound and southbound through lanes will remain open. Diversions of driveways may be in place adjacent to the work and shoulder closures will be set up throughout the project for delivery and hauling of materials and various work operations along the project corridor. Russell Engineering, Inc. is the contractor. Expected completion is fall 2016.

US 301 at Tallevast Road: Maintenance permit project: Crews are extending a right-turn lane. Expect daytime lane shifts from 9 a.m. to 4 p.m. through Friday, April 8. Use caution and expect possible delays.

US 301 at Haben Boulevard: Construction project: Crews are making median modifications, resurfacing the roadway and installing new traffic signals. Expect nighttime/overnight lane closures from 6 p.m. to 6 a.m. while crews are working. Expected completion is fall 2016. AJAX Paving is the contractor.

US 41 from I-275 to the Hillsborough County Line and at Piney Point Road and Dock Street (Port Manatee): Construction project: Crews are reconstructing portions of the roadway with concrete; removing old asphalt and resurfacing the roadway; installing a new traffic signal at the I-275 westbound off-ramp to US 41; improving drainage; constructing sidewalks; installing guardrail, highway lighting and landscaping, and installing new signing and pavement markings. Crews are working on embankment, excavation, drainage, stabilization, asphalt base, concrete pavement construction and signalization. Construction activities are going on both during the day and at night. Motorists should use caution while travelling through construction zones and be mindful that the speed limit is reduced to 50MPH. Expect possible nighttime/overnight lane closures from 8 p.m. to 6 a.m. Estimated completion is late 2016. The contractor is Pepper Contracting Services, Inc.

US 41 from 63rd Avenue West to 53rd Avenue West: Construction project: Crews are constructing sidewalk; improving drainage; installing lighting, and placing new signs and pavements markings. Expect daytime southbound outside lane closures from 9 a.m. to 4 p.m. from 60th Street West to SR 70/53rd Avenue. Expect nighttime/overnight lane closures within 600 feet of signalized intersections from 7 p.m. to 6 a.m. while crews are working. FDOT allows daytime lane closures not within 600 feet of signalized intersections between 9 a.m. and 4 p.m. and from 7 p.m. to 6 a.m. while crews are working. Highway Safety Devices is the contractor. Expected completion is late spring 2016.

SR 684 at the Cortez Drawbridge: Bridge maintenance project: Crews are working on the bridge. Expect nighttime/overnight east and westbound lane closures controlled by flaggers from 9 p.m. each night to 5 a.m. each morning Sunday, April 10 through Wednesday, April 13. Use caution and expect possible delays.

SR 70 from 46th Street to 45th Street: Maintenance permit project: Crews are constructing a driveway. Expect intermittent outside westbound lane closures from 9 a.m. to 4 p.m. through Friday, April 8. Use caution and expect possible delays.

SR 70 east of Lorraine Road: Maintenance permit project: Crews are constructing driveways and resurfacing the roadway. Expect intermittent daytime east and westbound lane closures controlled by flaggers from 9 a.m. to 4 p.m. Monday, April 4 through Monday, April 11. Use caution and expect possible delays.

SR 64 at Village Green Parkway: Construction project: Crews are making roadway improvements and working on traffic signals. Expect nighttime/overnight lane closures from 7:30 p.m. to 6 a.m. while crews are working. Florida Safety Contractors is the contractor. Expected completion is spring 2016.

OKEECHOBEE COUNTY

US 441 from SW 8th Street to SW 28th Street: Maintenance contract project: Crews are repairing storm drains. Watch for northbound and southbound lane closures and be prepared to merge.

US 441 from NE 224th St. (Orange Ave) North to the County Line: Maintenance project: Use caution and watch for workers close to the road making spot repairs to the shoulder.

US 441 from NW 11th Street to NW 16th Street: Permit project: Crews are installing underground utilities. Use caution and watch for workers close to the road.

SR 70 from NE 13th Avenue east to NE 34th Avenue: Maintenance project: Crews are spraying herbicide on the sidewalks on both the north and south side of SR 70 during the day. Use caution while traveling through this area.

SR 70 from NE 31st Avenue to Berman Road: Construction project: Workers are installing drainage, grading embankment and placing sod, and building subgrade and base for the roadway, and constructing concrete railing on the bridges at Mosquito Creek and L63 Canal, from 7 a.m. to 5 p.m., Sunday through Saturday, weather permitting.

- Expect lane closures on SR 70 at NE 128th Avenue/Berman Road for pipe work and paving operations.
- NE 55th Terrace will close on Monday, March 28, while crews build new roadway. Follow posted detour at NE 48th Avenue.
- NE 42nd Terrace at SR 70 remains closed while crews build new roadway. Follow posted detour.
- NE 46th Terrace at SR 70 is closed while crews install pipe across the roadway. Follow the posted detour.
- NE 64th Drive is closed while crews build new roadway. Follow posted detour.

During this project, crews will expand the roadway to four lanes, construct concrete bridges, improve drainage, build curb, gutter, and sidewalk, and install guardrail, permanent signs and pavement markings. Watch for crews and equipment working close

to the road. Observe posted speed limits and drive with caution in the construction zone. Estimated completion is summer 2017. The contractor is Ranger Construction Industries, Inc.

SR 70 east of Okeechobee/NE 34th Avenue to Williams Road/NE 48th Avenue in Okeechobee: Maintenance permit project: Crews are relocating utilities along the south side of the road. No lane closures are scheduled, but use caution and watch for workers close to the road.

SR 70 west of US 27: Maintenance permit project: Watch for workers close to the road while they work from the shoulders cleaning ditches. Use caution driving in these areas.

SR-78 over Kissimmee River, 4.7 miles west of US 441: Maintenance project: Motorists should expect intermittent daytime lane closures on Thursday, April 7th from 9 a.m. to 4 p.m., weather permitting, for crews to perform routine bridge inspection. Flaggers will be on site to maintain traffic.

SR-70 over Kissimmee River, 8.1 miles west of US 98: Maintenance project: Motorists should expect intermittent daytime lane closures on Thursday, April 6th from 9 a.m. to 4 p.m., weather permitting, for crews to perform routine bridge inspection. Flaggers will be on site to maintain traffic.

POLK COUNTY

I-4/SR 559 Interchange (Auburndale): Construction project: Watch for a change in traffic pattern at the I-4 eastbound on-ramp. Beginning Monday night, April 4, motorists traveling southbound on SR 559 are able to turn left onto the eastbound I-4 on-ramp without utilizing the jug handle configuration located south of future CR 559A. Crews are excavating existing slopes along eastbound I-4 and adjacent to SR 559, paving SR 559 near the I-4 eastbound on-ramp, and constructing piers and driving pile for the new bridge. **Watch for trucks entering and leaving the highway.** Drive with caution and watch for traffic shifts and temporary intermittent lane closures, changes in traffic patterns, and flaggers directing traffic as needed on SR 559.

Speeding fines double when workers are present. Project improvements include constructing a new bridge on SR 559 over I-4, expanding SR 559 from two lanes to four lanes from north of CR 559A to the westbound entrance ramp to I-4, shifting the eastbound lanes of I-4 to the south, installing lighting on SR 559, resurfacing the existing roadway, and improving drainage. Expected completion is early 2017. The contractor is Cone and Graham. For additional information, please visit the project website at <http://www.swflroads.com/i4/sr559/>

US 98 (SR 35) from US 92 (Memorial Boulevard) to Parkview Place: Maintenance permit project: Watch for nighttime/overnight lane closures from 10 p.m. to 5 a.m. along the outside northbound lane while crews install an overhead lines parallel to the east side of US 98. Use caution and be prepared to stop.

US 98 from Fletcher Park at Lake Bonny to Lemon Street in Lakeland: Construction project: Watch for single lane closures and be prepared to merge as workers complete sodding, final striping and miscellaneous cleanup. Work on this project includes removing existing asphalt and paving, adding ADA mats to sidewalks, adjusting manholes within the work zone, modifying traffic separators, upgrading traffic signal equipment, adjusting signs and adding additional school crossing signs. The contractor is Lane Construction Corporation. Weather permitting; expected completion is summer 2016.

US 98 Peace River Trail in Ft. Meade: Construction project: Crews are constructing the trail and timber bridges through Ft. Meade Outdoor Recreation Area between US 98 and Mt. Pisgah Road. Project improvements include constructing a compacted coquina shell path, two pedestrian bridges, a short path leading to the river on the south end of the trail and a pull-off area at Mt. Pisgah Road. Central Concrete Products, Inc. is the contractor. Weather permitting; expected completion is early 2016.

US 98 from US 17 to Peace River in Fort Meade: Construction project: Expect intermittent daytime lane closures with flaggers directing traffic as crews install new light poles. Use caution and be prepared to stop. The improvements under this contract consist of adding highway lighting, and signing and refurbishing pavement markings. The expected completion date is the spring of 2016. The contractor for this project is Florida Industrial Electric Company.

US 92 at the intersection of SR 659 (Combee Road) in Lakeland: Construction project: Watch for intermittent lane closures while crews place the final striping and work on miscellaneous final items and cleanup. Use caution and be prepared to merge. The sidewalk on Combee Road remains closed until all work in the area is completed.

Work on this project includes replacing the railroad crossing, replacing portions of the traffic separator and curb, adding sidewalks, building a concrete bus pad at the existing bus stop and placing new signs and pavement markings on Combee Road. On US 92, crews will extend the right turn lane from westbound US 92 onto northbound Combee Road, pour new sidewalk between McDonalds and Family Dollar, improve drainage, modify the median and pave the shoulder at US 92 and Woodland Avenue to allow eastbound to westbound U-turns. Weather permitting; expected completion is spring 2016. The contractor is Lane Construction Corporation.

US 27 from Barry Road to US 192 (Davenport/Clermont): Construction Project: Paving crews will work at night/overnight from 6 p.m. to 7 a.m., Sunday, night, April 3 through Thursday night, April 7 on northbound and southbound US 27. Crews continue forming curb inlets and traffic separators, constructing a retaining wall, and signal work. **Watch for uneven pavement and traffic shifts throughout the project corridor.**

Improvements on this project include expanding US 27 and the bridge at US 192 from four lanes to six lanes, resurfacing the existing roadway, adding paved bike lanes, building curb and gutter with drainage swales, constructing sidewalk, installing new

concrete pole traffic signals at the intersections of US 27/California Boulevard and US 27/Student Drive, and installing sound barrier walls. Prince is the contractor on this project. Expected project completion is summer 2016.

US 27 south of Waverly Barn Road: Maintenance permit project: Crews are removing guardrail and installing a right turn lane. Watch for outside southbound lane closures from 7:30 a.m. to 4:30 p.m. Use caution and be prepared to merge.

US 17 south of Cypress Gardens Boulevard: Maintenance permits project: Expect intermittent nighttime/overnight lane closures from 9 p.m. to 8 a.m., both north and southbound, Monday, April 4, and Tuesday, April 5, while crews remove trees from the median. Use caution watch for workers and equipment entering and leaving the roadway.

US 17 from Bartow Road to Bear Creek Apartments: Construction Project: Crews are working on the signals, sidewalk and widening north of the bridge at SR 60 and Van Fleet Boulevard at night, and removing concrete during the day. Watch for nighttime/overnight lane closures and be prepared to merge. This project includes milling and paving, closing some unused driveways, pouring concrete bus pads, adding/repairing sidewalk, replacing traffic signal poles at Georgia Street, and upgrading equipment and adding lighted street signs at signalized intersections, installing pedestrian crossing signals and drainage improvements. The expected completion date is fall 2016. The contractor for this project is Preferred Materials, Inc.

US 17 from 9th Street NE to 9th Street SE in Fort Meade: Construction project: Expect intermittent nighttime/overnight lane closures from 7 p.m. to 6 a.m. while crews continue working on the sidewalk and new streetlights. Please use caution, be prepared to merge and watch for workers close to the road. The improvements under this contract consist of replacing and adding some new highway lighting, and signing and repairing sidewalk in various locations. The expected completion date is the summer of 2016. The contractor for this project is Traffic Control Devices, Inc.

US 17 at the railroad crossing between Carlton Road and CR 640: Maintenance permit project: Crews are replacing power poles in the railroad right of way along the southbound lanes through Monday, April 11. Use caution and watch for equipment entering and leaving the roadway.

US 17 from E Seminole Trail to E Conant St in Bartow: Maintenance permit project: Expect intermittent nighttime/overnight lane closures for 6 p.m. to 8 a.m., both northbound and southbound while crews work in the median. Expect intermittent nighttime/overnight lane closures from 6 p.m. to 8 a.m. northbound while crews work on a right turn lane. Use caution and prepare to stop.

US 17/92 at CR 54 (Ronald Reagan Parkway)/Kinny Harmon Road in Davenport: Maintenance permit project: Expect intermittent lane closures both northbound and southbound on US 17/92 and Ronald Reagan Parkway from 9 a.m. to 4 p.m., Sunday,

April 3, through Saturday, April 9, while crews complete final roadwork. Use caution and be prepared to stop.

US 17/92 at Ernie Caldwell Blvd. in Davenport: Maintenance permit project: Motorist should use caution and watch for workers and equipment close to the road. This project includes adding turn lanes and shoulders on US 17/92 at the extension of Ernie Caldwell Boulevard, approximately two miles south of CR 54 (Ronald Reagan Parkway). Contractor plans no lane closures this week.

SR 563 (Harden Boulevard) at South Parkway Frontage Road: Construction Project: Crews are installing new traffic signal equipment. Watch for workers close to the road. Project completion is spring 2016. The contractor is Ajax Paving Industries, Inc.

SR 549 from Avenue F to South Lake Silver Drive: Maintenance permit project: Watch for nighttime/overnight northbound lane closures from 7 p.m. to 6 a.m. Monday, April 4 through Tuesday, April 5, while crews trim trees. Use caution and be prepared to merge.

SR 539 (Kathleen Road) from Pear Street to West Elliot Street: Construction project: Watch for periodic daytime and nighttime lane closures for miscellaneous signal work, raising several manhole covers, striping and general cleanup throughout the project. Use caution and be prepared to merge.

Work on this project includes resurfacing, closing two underutilized mid-block median openings, adding turn lanes, making median modifications, replacing traffic and pedestrian signals, reworking some of the side street entrances, restriping and building a new median crosswalk just south of Interstate 4. Estimated completion is summer 2016. The contractor is Preferred Materials, Inc.

SR 60 at South Creek Drive and Willow Oak Road: Construction project: Watch for daily lane closures, both eastbound and westbound, from 7 a.m. to 7 p.m., as crews install striping and sod along SR 60, Mondays through Fridays. Use caution when traveling through the new median opening on SR 60 at Willow Oak Road while motorists get used to the new traffic pattern.

Improvements on this project include adding a new raised traffic separator to guide motorists through the Willow Oak Road intersection, adding right and left turn lanes at South Creek Drive, and closing an underused median opening east of South Creek Drive. Expected project completion is spring 2016. The contractor is Florida Safety Contractors, Inc.

SR 60 Roadway and Rail Road Crossing Improvement Projects from west of Diesel Road to east of CR 555; SR 37 from SE 3rd Street to SR 60; West of Nichols Road to east of Prairie Industrial Parkway in Bartow/Mulberry: Construction project: Expect lane closures on SR 60, both eastbound and westbound for railroad crossing repair, sod placement and paving, Observe posted speed limits, be prepared to merge and watch for changes in the traffic pattern.

Improvements on this project include; constructing new approach slabs for railroad crossings on SR 60 at Nichols Road, Phosphate Boulevard, Mosaic Crossing, and Skew Crossing, resurfacing the existing roadway, improving the roadway drainage, and improving SR 60 signalization. Expected project completion is fall 2015, weather permitting. The contractor is The Lane Construction Corporation.

SR 60 from Flamingo Drive to Connersville Road in Bartow: Construction project: Crews are installing handrail and signs, grading embankment and placing sod. Watch for eastbound daytime lane closures and be prepared to merge. Note: Wide loads may not be able to pass through when lane closures are in place. Wide load haulers should take a different route. Crews will also be placing asphalt in driveways and side streets along the eastbound lanes. Use caution and watch for flaggers directing vehicles in and out.

Work on this project includes adding a new sidewalk and pedestrian bridges on the south side of SR 60, and building a bus bay and bus pad at the stop east of Peace River Mobile Home Park. Estimated completion is summer 2016. The contractor is Leware Construction Company, Inc.

SR 60 from 11th Street to Myrtle Avenue in Lake Wales: Construction project: Watch for nighttime/overnight lane closures from 7 p.m. to 6 a.m. along SR 60, as crews work on a turn lane and median modification project along SR 60 in Lake Wales. The project will improve traffic flow, and includes turn lane and/or median modifications at 11th Street, Hunt Brothers Road, Buck Moore Road, Highland Drive, and Myrtle Avenue. Expected completion is April 2016. The contractor is Ajax Paving Industries, Inc.

SR 37 (South Florida Avenue) from CR 540A to Carter Road in Lakeland: Maintenance permit project: Crews are restoring right-of-way along the northbound lanes of SR 37. Use caution and watch for workers close to the road.

SR 37 at CR 640 south of Mulberry: Construction project: Crews continue excavating and installing lighting conduit and light pole bases along the shoulders of the road during the daytime and removing and replacing roadway striping at night. Expect nighttime/overnight lane closures with flaggers directing traffic. Use caution and be prepared to stop. The improvements under this contract consist of highway lighting, signalization and signing and pavement markings. The expected completion date is the spring of 2016. The contractor for this project is Florida Industrial Electric Company.

SR 33 (Commonwealth Avenue) at the intersection of Deen Still Road in Polk City: Construction project: Nighttime work will require lane closures with temporary signals controlling traffic from each direction for the next several weeks. Four temporary signals will allow one direction of traffic to access the roundabout at night while crews pave the approaches to the roundabout and work on the traffic separators and curbs. Daytime lane closures may also be necessary as crews landscape the center island.

One signal will shine green, while the remaining three shine red, allowing motorists from one direction at a time to drive through the roundabout. Motorists should anticipate longer wait times and expect delays during the evening and overnight.

Temporary signals flash yellow during the day, allowing full use of the roundabout from all directions until early evening when crews return to complete work on the project. Please remember the following during this construction phase:

- Four temporary traffic signals control traffic during the nighttime/overnight, so be prepared to stop and remain stopped for longer periods.
- Do not turn right on red from any direction; move only on a green signal.
- Stop bars, signals and signs indicating where to stop are located as far back as 300 feet before the intersection to allow traffic to pass. **Do not pull past the stop bar on red.**

Work on this project includes roundabout construction, new asphalt and concrete pavement, resurfacing, installing drainage structures, curb and gutters, sidewalk, gravity walls and handrails, lighting, signing, and landscaping. Weather permitting; expected completion is summer 2016. The contractor is Atlantic Civil Constructors Corp.

SARASOTA COUNTY

Bridge projects at St. Armand's Key Bridge, Hanson Bayou Bridge, and South Creek Bridge: Construction project: Crews are installing scour countermeasures. Expect nighttime/overnight lane closures, when necessary, at the bridges while crews are working. Drivers should expect daytime work. Marine traffic should use caution and be aware of active construction. DN Higgins is the contractor. Expected completion is spring 2016.

Sarasota County Advance Traffic Management System (ATMS) Phase IV:

Sarasota County has contracted with Traffic Control Devices, Inc. (TCD), to upgrade the traffic signal controllers and equipment for 52 intersections throughout Sarasota County, City of Sarasota and the City of North Port. The improvements will consist of installing, integrating and testing the ATMS field elements, including traffic controllers and cabinets, Closed-Circuit Television (CCTV) cameras, and fiber optic communications cable and transmission equipment along the roadways. As part of this project, 10 intersections will receive full Americans with Disability Act (ADA) upgrades to meet current standards. Construction began on March 4, 2015 and is expected to be complete by the Spring 2016. The infrastructure of this project is now complete. Testing is being done, with no effect to traffic.

I-75: From Sumter Boulevard to River Road: Construction project: This project expands I-75 to six lanes. Crews are building cable barrier, installing drainage, and placing embankment and lime rock in the median, and installing drainage and lighting on the outside shoulders Monday through Saturday, 7 a.m. to 5 p.m., weather permitting. Expect

nighttime/overnight northbound and southbound lane closures from 9 p.m. to 5 a.m., Sunday April 3 to Saturday April 9, for paving operations. Pay attention to traffic signs and barricades throughout the construction project. Stay alert and use caution in the work zone. Estimated completion is fall 2016. The contractor is Prince Contracting, LLC.

I-75 (SR 93) / University Parkway Diverging Diamond Interchange (DDI)

(Sarasota/Bradenton): Construction Project:

Detour – Southbound I-75 On-Ramp CLOSED at the I-75/University Parkway Interchange:

Sunday, April 3. Details below:

The contractor anticipates a temporary detour route at the I-75/University Parkway interchange at night/overnight Sunday, April 3 between 11 p.m. and 5 a.m. while crews apply pavement markings on the southbound I-75 on-ramp.

Motorists traveling on University Parkway wishing to travel south on I-75 are directed to enter northbound I-75, exit at westbound SR 70/Exit 217B, enter southbound I-75 and continue south on I-75. An alternative option is to travel south on Cattlemen Road; travel east on Fruitville Road; and enter southbound I-75.

Detour – Southbound I-75 Off-Ramp CLOSED at the I-75/University Parkway Interchange:

Monday, April 4 through Friday night, April 8. Details below:

The contractor anticipates a temporary detour route at the I-75/University Parkway interchange at night/overnight Monday, April 4 through Friday night, April 8, between 11 p.m. and 5 a.m. while crews install temporary barrier wall on the southbound I-75 off-ramp.

Motorists traveling southbound on I-75 wishing to exit at University Parkway/Exit 213 are directed to continue south on I-75, exit at Fruitville Road/Exit 210, travel east and enter northbound I-75, travel north and exit at University Parkway/Exit 213.

Temporary intermittent single and double lane closures are in place at night/overnight on northbound I-75 Sunday, April 3 through Thursday night, April 7 from 8 p.m. to 7 a.m. Double lane closures begin at 10 p.m. **Watch for trucks entering and leaving the highway.**

Temporary intermittent single and double lane closures are in place at night/overnight on eastbound and westbound University Parkway from Cooper Creek Blvd. to Market Street Sunday, April 3 through Friday night, April 8 from 9 p.m. to 7 a.m., double lane closures begin at 10 p.m.

The contractor is driving piles during the daytime and nighttime, installing drainage pipe throughout the project, widening the bridge at Foley Creek, paving and installing barrier wall, signalization work, and constructing the MSE wall for the new bridge at I-75.

Watch for changes in the speed limit. Speeding fines double when workers are present.

Improvements being made as part of this project consist of constructing a diverging diamond interchange, adding an auxiliary lane on northbound and southbound I-75, constructing new bridges on I-75 over University Parkway, widening of University Parkway, widening of I-75 bridges over Errie Creek and Foley Creek, realignment of on-ramps and off-ramps at I-75/University Parkway, addition of ponds, drainage improvements, new lighting and signalization, construction of a noise wall on the west side of I-75, sidewalks, bike lanes, and pedestrian walkways. Expected completion is fall 2017. The contractor is Prince Contracting, LLC. For additional information, please visit the project website at <http://www.swflroads.com/i75/university/>

US 41 at SR 789: Maintenance permit project: The sidewalk located along the west side of US 41 from SR 789 to Ritz Carlton Drive and sidewalk located along the north side of SR 789 from Sunset Drive to US 41 will remain closed until construction of the development located at the corner of US 41 and SR 789 is complete. Pedestrians should follow the established detour.

US 41 from Woodmere Road to the Lowes Entrance: Construction project: Crews are removing old asphalt, resurfacing the roadway, and replacing traffic and pedestrian signals. AJAX Paving Industries is the contractor. Expected completion is spring 2016.

US 41/Venice By-Pass from Gulf Coast Boulevard to Bird Bay Drive: Construction project: Crews continue installing utility and storm drain systems and constructing temporary pavement. Expect nighttime/overnight northbound and southbound lane closures from 8 p.m. to 5:30 a.m. throughout the project limits while crews are working. Additionally, crews are working intermittently at the intersections of Cypress Avenue, Groveland Avenue and Pineland Avenue. Expect nighttime/overnight lane closures on these streets from 9:30 p.m. to 5:30 a.m. Only one side-street lane closure will occur at a time and flagmen will be in place to direct traffic through the work area. Motorists should be mindful of the construction signs in place and use caution while traveling through the project area. **Ridgewood Avenue at US 41/Venice By-Pass** is re-opened and the detour discontinued at this time. The contractor will implement the detour again in the next few weeks so be alert for message boards and detour signage at that time. Bergeron Land Development is the contractor. Expected completion is spring 2018.

SR 789 at the Coon Key Bridge/Little Ringling Bridge: Construction project: Crews are replacing portions of the westbound bridge deck. During construction, one westbound lane will remain closed while crews are working and the sidewalk closed to pedestrians and cyclists. The eastbound lanes will remain open as will the sidewalk. Manhattan Road and Bridge is the contractor. Expected completion is summer 2016.

SR 776 from Keyway Place to US 41: Maintenance contracts project: Crews are cleaning storm water pipes. Expect nighttime/overnight east and westbound lane closures from 7 p.m. to 6 a.m. through mid-April 2016. Use caution and expect possible delays.

SR 758/Bee Ridge Road/Osprey Avenue from Siesta Drive to Dunn Drive:

Construction project: The traffic currently shifts to the north and barrier wall installed from US 41/Tamiami Trail to just east of Sawyer Road. This shift allows the contractor to close two eastbound lanes to remove the asphalt and replace storm drainage on the south side of the roadway. There are two lanes of traffic both east and west and a center turn lane in most areas. The sidewalk is closed behind the barrier wall and pedestrians can use the north sidewalk. Motorists should plan additional travel time as the construction operation progresses across driveways and side streets.

Crews will work on storm drainage structures at the intersection of Bee Ridge Road and Sawyer Road again this week. A traffic shift to one side of the roadway will be in place and the turn lane available for through traffic during this work. Be aware of other intermittent lane closures and use caution while driving through the project.

DETOUR ADVISORY: Crews will close Whipporwill Circle (West) at Bee Ridge Road tentatively scheduled for Monday evening, April 4, 2016 through Saturday morning, April 9, 2016 at 6:00 a.m. Motorists are advised to use Whipporwill Circle (East) to and from Bee Ridge Road. Please pay special attention to directional signs in place to direct motorists through the area.

The project consists of significant drainage improvements, removing old asphalt and resurfacing the roadway, reconstructing sidewalk, and installing new signalization in some areas. The project also includes construction of eleven (11) pedestrian refuge islands on Bee Ridge Road between Dunn Drive and US 41. Expected completion of the \$17 million project is summer of 2017.

SR 72 at the Stickney Point Drawbridge: Construction project: Crews are making repairs to the bridge including concrete repairs throughout the bridge, seawall repairs, Tender/Control House improvements, painting, and repairs to the mechanical and electrical components of the bridge. Motorists should use caution while driving through the work zone and plan additional travel time. Motorists should expect nighttime/overnight flagging operations between the hours of 9 p.m. and 7 a.m. Extended bridge openings of up to 15 minutes may occur during this time. Expected completion is spring 2016. Coastal Marine Construction, Inc. is the contractor.

SR 72 at Gateway: Construction project: Crews are installing new mast arms and signals. Expect nighttime/overnight lane closures from 8 p.m. to 7 a.m. while crews are working. Expected completion is fall 2016. AJAX Paving is the contractor.

SR 72 at Stickney Point Road: Maintenance permit project: Crews are replacing power poles. Expect daytime partial eastbound right turn-lane closures on Monday, April 4 and Tuesday, April 5 from 9 a.m. to 4 p.m. Use caution and expect possible delays.

Please call 239-225-1900, if you no longer need to receive RoadWatch.
