## How to edit an Inventory point in Collector

- 1.) Open Collector on desktop, tablet, or smart phone.

- 2.) Navigate to the Inventory point that needs editing.

- 3.) Note: Two things can be edited here. (1) The location point of the Inventory (2) An attribute within the form.

 **Approach Terminal Inventory Details**  
Location 28.153492N, 81.846082W  
Edited by: Dustin Braun, February 3, 2017
