

GRANT PROGRAM GUIDANCE SHEET

INTERMODAL DEVELOPMENT PROGRAM

PURPOSE

The Intermodal Development Program provides assistance for major capital investment in fixed-guideway transportation systems, access to seaports, airports, construction of intermodal or multimodal terminals, and other transportation terminals. It is intended to facilitate the intermodal or multimodal movement of people and goods. Intermodal Development Program funds are allocated to the Districts by formula.

ELIGIBLE RECIPIENTS

Eligible recipients are public agencies eligible to receive FDOT state funding. The funding may be up to 100% state funds for regional projects, and up to one-half the costs of the non-federal share of local projects. Toll revenue credits may not be used as a match. Local funds or private funds may be used as a match. Local funding commitment must be evidenced through a letter from the Applicant's Chief Financial Officer. For projects including operating costs, fares do not count as a match and must be deducted from the operating project budget.

ELIGIBLE COSTS

Projects that are eligible for funding under this program include major capital investments in public rail and fixed-guideway transportation facilities and systems which provide intermodal access and which have complied with the requirement of the Department's major capital investment policy; road, rail, or fixed-guideway access to, from, or between seaports, airports, and other transportation terminals; construction of intermodal or multimodal terminals, development and construction of dedicated bus lanes, and projects which otherwise facilitate the intermodal or multimodal movement of people and goods.

PROJECT SOLICITATION

Each District will notify eligible recipients of available funding annually. Project applications must be received by the District Office by May 15th annually. Applications for construction or regional projects and/or connections between modes will be given a higher priority.

AVAILABLE DISTRICT-WIDE FUNDING

Intermodal funding varies on an annual basis.
